KILLS HUSBAND ON STREET

REVERSAL CAUSES LOSS

Supreme Court Decision in Sewer and Water Creates Deplorable Condition

Council Appeals to City Attorney Woolner to Discover Grounds and Advise Action

The city council today placed in the hands of City Attorney Ben F. Woolner the decision of the supreme court reversing that of Judge Harris as to the validity of the bond issue of \$102,000 voted for sewer district No. 1. Woolner is asked to discover on what grounds the reversal was rendered and to advise the council as to its next move in the matter.

For the second time a decision of the high court has disrupted a course of procedure carried almost to fruition to give the annexed district sanitary sewers and has brought despair to thousands of residents of the recently created sanitary districts. The decision was handed down late yesterday, reversing that of Judge Harris of the superior court. As a result the validity of the bond issue of \$102,000 voted for sewer district No. 1.

The reversal by the supreme court, in this case makes invalid almost \$500,000 worth of bonds, and creates a deplorable condition in the annexed territory, which promises to be a menace to public health. It is a decision that puts the territory back several years in its development, and is declared by all city officials to be a calamity to the city at large.

Procedure looking toward a possible reopening of the test case before the supreme court will be instituted in a few days by City Attorney Ben F. Woolner and other attorneys for the city. Every effort will be made to have the reversal set aside and a new decision more favorable to the city handed down.

CONTINUED SETBACKS.

The history of the efforts of the suburban territory to obtain sanitary conditions has been one of continual disappointment. Prior to annexation five sanitary districts were incorporated, and voted bonds for the installation of sewers, which were even at that time a public necessity of the gravest character. Engineering work was commenced under the supervision of County Surveyor P. A. Haviland, and the project began to approach actual accomplishment.

The five districts embraced a territory of almost ten square miles. Each district was a distinct corporation, and each voted bonds for its own territory. About that time the annexed territory voted to become a part of the city of Oakland, and the annexation occurred.

It was shortly after this that in conformity with the usual custom, a test case was put through the courts to insure the validity of the bonds, that the sale of these might be assured. The supreme court astounded the attorneys by holding that annexation of those districts to the city of Oakland had automatically

\$53,500 Bakersfield Fire Causes Rigid Inquiry

BAKERSFIELD, Aug. 2.—Fire which did \$53,500 worth of damage broke out this morning at 4:30 in a cafeteria in the J. E. Berges block at Nineteenth and H streets, destroying that building and damaging nearby buildings and merchandise. Insurance, \$21,700.

The Oil Exchange building across the street was afire twice but the flames were quickly subdued. The origin of the fire is unknown. People sleeping in nearby buildings were awakened by the sound of an explosion and the interior of the building was ablaze.

One of the tenants had taken out an insurance policy the night before. Fire Chief Schmitt is conducting a searching inquiry. Twenty fire insurance companies are affected.

I'm Shot, Central, Help! Phones Victim of Robber

CHICAGO, Aug. 2.—"I'm shot, central; these words coming over the telephone at midnight last night were heard by an operator in the Monroe street exchange of the Chicago Telephone company.

Then heard the sound of a falling telephone and several sharp crashes, indicating the banging of the receiver against the wall. She at once notified the police station that some one had been shot at one of two addresses, where there were telephones on the same party line. One of these addresses was that of Matthew Stronk's saloon. There the police found John Dolzal, the bartender, lying unconscious on the floor near the telephone. The cash register had been broken open and all the money taken.

Franco-American Treaty To Be Signed Tomorrow

PARIS, Aug. 2.—It is arranged that the Franco-American arbitration treaty will be signed at 2 o'clock tomorrow afternoon, at the foreign office, by J. Jusserand, the French ambassador to the United States, on behalf of

BALFOUR ORDERS DEMONSTRATION TO BRING PEACE

A. J. BALFOUR, who has ordered demonstration in House of Commons.

Hopes to Reconcile the Warring Factions in Commons.

LONDON, Aug. 2.—A. J. Balfour has ordered a demonstration in force against the government in the house of commons on Monday next in the hope of reconciling the warring factions among the Unionists and giving the Materialists a final shake-up before the veto bill passes into law. The Unionist leader had kept his own counsel and when he rose today and announced his intention to move a vote of censure, his followers broke out in rounds of applause.

Free List Bill Is Received By House

Measure as Amended by Senate Yesterday Will Be Sent to Conference Immediately.

WASHINGTON, Aug. 2.—The free list tariff bill as passed by the Senate yesterday was returned to the House today. It has been practically agreed to in the House that the bill shall be sent to a conference committee immediately. Democratic Leader Underwood predicted again today that the bill speedily would be agreed upon and sent to the President. The ways and means committee at a special meeting called by Chairman Underwood will consider the proposition to have the House accept all the Senate amendments without a conference. The indications were, however, that such a plan would not be agreed to on the House side.

VICTIM OF CAVE-IN SAVED

Joseph Clary, imprisoned in Mine Since Sunday, Rescued Alive and Well

Dramatic Story of Life in Tomb Told Over Telephone by Plucky Man

JOPLIN, Mo., Aug. 2.—Joseph Clary, imprisoned by a cave-in on the White Oak mine near this city since last Sunday morning, was reached by rescuers this morning. He was alive and well.

When the last spadeful of earth was removed by workmen in the shaft and dropped through into the drift Clary threw himself into their arms and wept while the shouts of thousands cheering at the mouth of the mine echoed down the shaft.

Three workmen were digging in the narrow shaft when the bottom gave way and they dropped into the drift at 8:25 o'clock. Clary saw the light of day and looked upon fellow beings after a period in darkness which, though reckoned by him to be something over four days, was really exactly three days and forty-five minutes.

GREATLY WEAKENED.

Clary, though evidently in a fair condition of health, was greatly weakened. The emotion he showed at the sight of his rescuers and the deathlike pallor of his face brought tears to the eyes of the hardened, worn-out miners. The shouts from the mouth of the shaft, sounds from the outer world, and the gusts of fresh air gave heart and strength to the weakened man, who at first said little save to breathe his thanks.

At a signal from the rescuers a physician was lowered and administered stimulants. Clary was hoisted to the surface and set foot on top of earth ten minutes after he was found. Curious spectators were kept from him. His father, brothers and the physician hurried him away to the Clary home nearby, where his mother, weakened by the strain of her long vigil, lay ill. The physician urged Clary not to talk until he had gained strength.

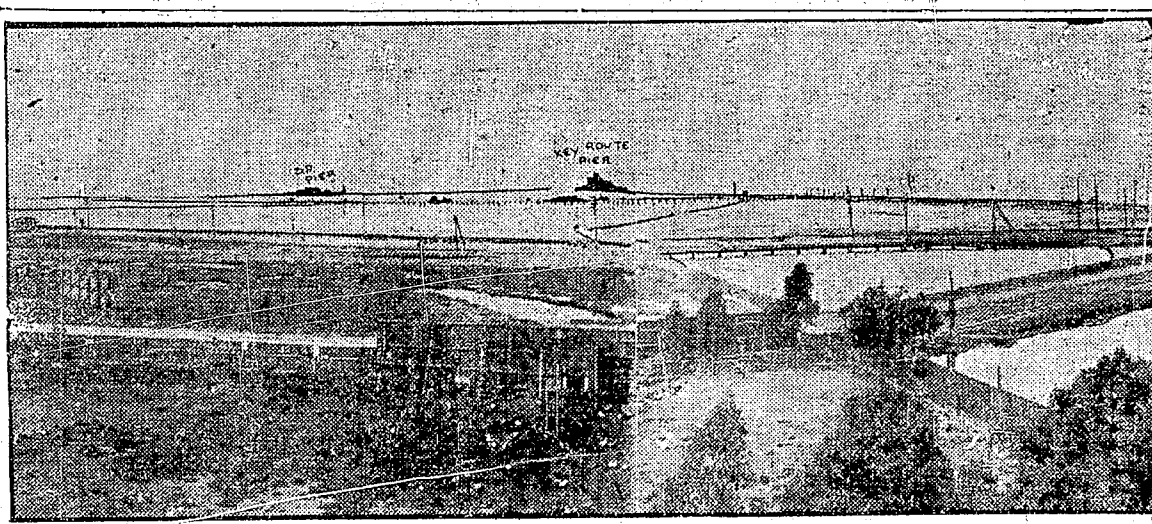

FATHER DIRECTS WORK.

Clary is 23 years of age, the son of Thomas Clary, a pioneer operator, who has directed the rescue work constantly since his son's imprisonment. Relays of men and boys began digging the shaft Sunday and have worked night and day since.

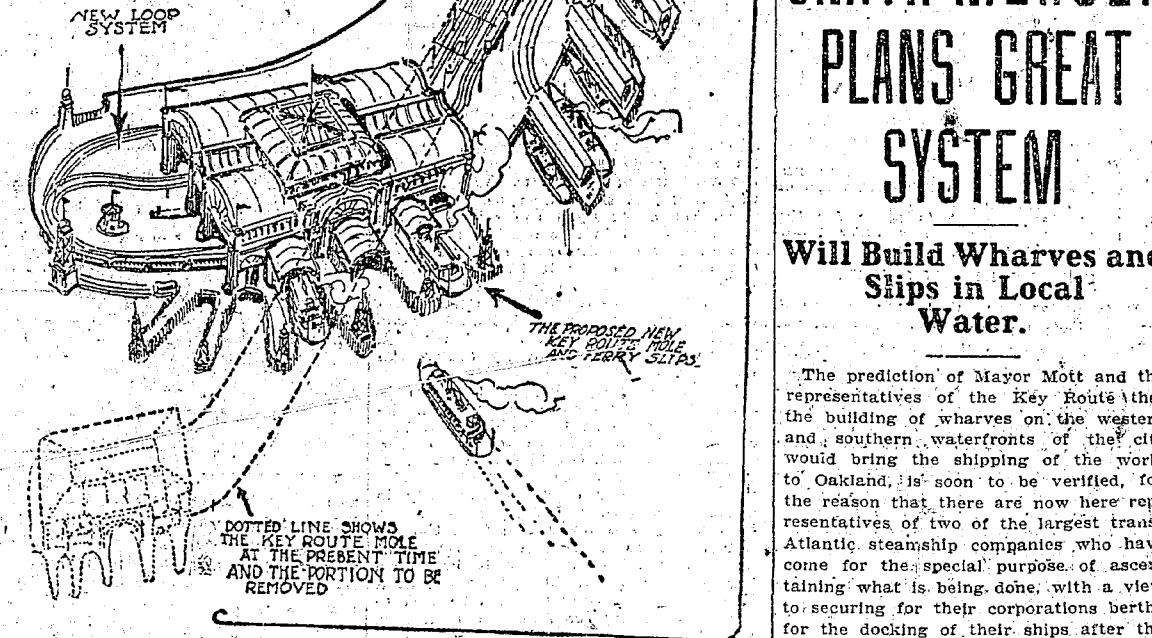

The first three attempts to drill a small hole to admit air and nourishment failed, but the fourth was successful. It was found that Clary was in imminent danger of drowning from water rising in the drift. Diggers redoubled their efforts.

LARGEST SHIPS ARE TO DOCK HERE HARBOR TO ACCOMMODATE WORLD

Pictures showing the location of Oakland's future deep water harbor and proposed docks to be built by the United Properties Company to handle the ocean shipping that will come to this coast on the opening of the Panama canal. At the top is a photograph showing, on the left, the Southern Pacific mole and on the right, the Key Route trestle and mole. Between the two properties work is being done by Oakland deepening the harbor and making ready for the accommodation of the largest vessels. The sketch shows the improvements planned by the Smith merger.

She Would Teach Small Boy the Art of Keeping House

UNIVERSITY OF CALIFORNIA, Aug. 2.—The department of domestic science at the university summer school, through its director, Miss Helen Louise Johnson, has gone the suffragist forces one better, and the only thing left for mere man to do is to go on a general strike. Miss Johnson advocates that the household arts, cooking, house cleaning, etc., be taught before the age of 12, not as a preparation for the little girls, but to the small boy population.

Some remarkable doctrines have been expounded in the various departments of the institution, but up to date this one has taken the prize. Miss Johnson announced yesterday with as much coolness as though it were an everyday matter of usual people, but the department is still trying to recover its equilibrium. The little boy, she says, has a quicker and better grasp of things of this sort than the little girl. He takes to cooking as a duck to water, while a girl usually prefers anything else. The moral of the story is: Why waste your time and the girls' time in teaching them household economics, when a boy is obviously more fitted for it, and a girl could be saved for better things?

Forest Fire Sweeps Over Heavily-Timbered Section

SAN BERNARDINO, Aug. 2.—Although the valley side of the mountain range is practically free of fire today, the flames which crossed the ridge from Waterman's canyon last night are sweeping over the heavily timbered region leading down to the desert. The Arrowhead reservoir is threatened and the fire, fanned by a heavy wind, is rendering the efforts of the rangers of little avail. A call for more volunteers from the valley came in early today and Mayor Bright led a party to the mountains. The Mayor said if conditions did not materially improve, he would request the aid of the army. On the valley side the flames have been extinguished, with the exception of a small fire in the upper portion of City Creek Canyon.

Express Companies' Appeal For Relief Is Turned Down

WASHINGTON, Aug. 2.—A general denial of all applications by express companies for relief under the long and short haul provision of the law was entered today by the interstate commerce commission in cases where commodities are shipped from points of production to points of consumption, the same or similar rates not being applicable to or from intermediate points. It was not shown by the applications what rates they were intended to cover and the commission declines to grant any general permission under the law.

SHOT DEAD BY HIS WIFE

"Sorry, but You Had It Coming to You," Says Woman, as She Views Victim

James Langley Dies With a Bullet in Heart After Three Shots Were Fired

SAN FRANCISCO, Aug. 2.—James Langley, clerk, was shot and instantly killed by his wife, Mrs. Anna G. Langley, in front of a saloon at 2109 Mission street, at 2:45 this afternoon. The only reason given for the shooting is that Langley took his wife away from her mother when she was only 14 years old, had been making her work ever since, abusing her and endeavoring to make her obtain a position on the trolley coast.

As Langley lay dead on the operating table at the Central Emergency Hospital his wife leaned over him and said:

"Jim, you're dead and I'm sorry, but you had it coming."

Langley had been in the saloon drinking when his wife came and asked him to go home. He refused, came forth to the street and upbraided her and she fired three shots. One of them struck him in the heart.

Corporal De Grancourt was passing, arrested Mrs. Langley and rushed the wounded man to the hospital.

SMITH MERGER PLANS GREAT SYSTEM

Will Build Wharves and Slips in Local Water.

The prediction of Mayor Mott and the representatives of the Key Route that the building of wharves on the western and southern waterfronts of the city would bring the shipping of the world to Oakland, is soon to be verified, for the reason that there are now here representatives of two of the largest trans-Atlantic steamship companies who have come for the special purpose of ascertaining what is being done, with a view to securing for their corporations berths for the docking of their ships after the opening of the Panama canal.

The city of Oakland has already performed a great deal of the preliminary work for the construction of its docks, and in a very short time, the Key Route is to start operations, with the same end in view. The Southern Pacific and the Western Pacific are also to engage in similar work and when the great undertaking shall have been completed there will be wharves on the western waterfront sufficient to accommodate more shipping than will be found in any other city on the Pacific coast.

WILL PRESS WORK.

The greatest part of this undertaking will have been accomplished before the completion of the Panama canal and, with that end in view, this municipality and the several corporations referred to have decided to press the work with the greatest energy.

The addresses delivered in this city and San Francisco by John Barrett, director-general of the Pan-American Union, representing the republics of South America which have formed a commercial alliance with the United States, upon the necessity of the city, across the bay, and also Oakland, preparing themselves, by means of wharves, to accommodate the trade, which will rush in upon them as soon as the Panama canal is completed, have spurred the public-spirited citizens and corporations to more than usual activity and, day by day, these great enterprises which mean so much for this community, become nearer to accomplishment.

SHIPPING MEN HERE.

The first of the representatives of foreign steamship companies to arrive here to make arrangements for accommodation of their ships are Adolph Druecklow of the North German-Lloyd, which company sails the largest steamers afloat from Germany, carrying thousands of first class passengers yearly as well as tens of thousands of immigrants, who are among the best of the foreigners who come to these shores.

The other is G. T. Steppin of Paris.

URGES SIMON TO FLEE.

When the ministers decided that President Simon's cause was hopeless, and that if he continued to defy the enemy, the occupation of the capital was almost certain to be followed by lawlessness and pillage, in which foreign interests might suffer, they urged Simon to resign. This he said he would do if a truce of three days, in which the security of the city could be arranged, was agreed on. The diplomats undertook to negotiate this at once.

While American Minister Furness remained here to help control the disorderly element, the French and British ministers went to Petionville, and the German and Cuban ministers to Croix des Bouquets, the two camps of the revolutionists, a few miles from the capital.

Those who visited Croix des Bouquets had little trouble. The rebel commander at Croix des Bouquets agreed to the three-day truce. He demanded, however, the nomination immediately of a commander of public safety, charged with responsibility for

SIMON SECURES SAFETY BY FLIGHT

PORT AU PRINCE, Aug. 2.—President Simon embarked this afternoon without the protection of foreign flags and accompanied by a detachment from the army still faithful to him, commanded by General Monplaisir, the minister of war.

Madame Simon and their children had many of the president's official family have already embarked on the "Elie Rebreuve," and will tranship to the Atlas line steamer Alcantara as soon as she arrives. The revolutionists have cut the mains and shut off the city's water supply.

The firing continues. Saint Le and his escort managed to embark.

The committee of foreign diplomats who visited the revolutionary camps for the purpose of arranging truces, returned last night, having been at least partly successful in their mission.

WOULD UNIONIZE
BUTCHER SHOP

Butchers Asked to Aid Agitation to Have All Cutters Organized.

In an effort to secure co-operation among the union meat cutters and butchers shops, a body of members of the Amalgamated Meat Cutters and Butchers Workmen of this city was organized.

Since the re-organization of the estimated Meat Cutters and Butchers workmen, the association has steadily and has a membership of 51. The officers are: L. J. Lumbard, president; Richard Mullin, president; W. R. Nelson, secretary; J. J. Nelson, treasurer, and Charles Vinell, representative.

The members will appeal to a
 tions throughout this city and
 aid them in carrying their point
 successful issue. They have been
 ured in their endeavors by the
 g unions of this community and
 ciers are confident of victory.

EXTRADITED BANKER
WILDE IN PORTLAND

PORTLAND, Aug. 2.—Louis J. San Diego, banker, extradited today to answer a charge of embezzling \$100,000 from the defunct Oregon Savings Bank, arrived in this city in custody of a deputy U. S. marshal. Attorney Cameron, who came from California to press extradition proceedings, reached Portland on the train with Wilde and Attorney S. H. Hollaway, who accompanied Wilde as his legal adviser.

Wilde would not make a statement.

**FRANK N. HOLLOWAY
IS DEAD AT SAL**

SALINAS, Aug. 2.—Frank N. Day of Monrovia, manager of the tables, a and a prominent Cserman, is dead here. He was years old. Holloway came to participate in the four-day meet Pacific Coast Trotting Horse Breeders' association, which opened today. as to have driven Wilbur Lou, a yearling of 1910, in the two-yearly division of the breeders'.

WATER RESERVES INJURE FARMS

Ranchers Near Niles Being
Dispossessed by Encroach-
ments of Corporations.

A movement to oppose the efforts of the Spring Valley and Peoples water companies to secure more drainage area in Alameda county, particularly in the vicinity of Niles, was inaugurated by the directors of the Merchants' Exchange last night. A conference will be held between representatives from the Exchange and the County Board of Supervisors to further the plan. The initiative came from a delegation of residents of Niles, headed by Chris Lunkel, who declared that the water companies are buying up large tracts of land and doing the people out of that section of the county, which in natural resources is one of the richest in the state.

The seriousness of the matter it was said was increased by the efforts of the Spring Valley company to further increase its holdings.

The delegation asked that the water companies be urged to acquire their supply in the future from Sierra sources. The Peoples Water company also figures in the matter as it is understood it is seeking water shed land in the same section.

MANY GRIEVANCES STATED.

The protestants declared that if the companies continue acquiring land many enterprises will be obliged to suspend operations; that many acres of first-class land for the raising of fruit and vegetables and a large area of second-class land suitable for grazing and for raising hay and grain have been abandoned; that school districts have been wiped out and the country generally damaged.

Several years ago, when the Spring Valley corporation was the only owner, the matter was taken up by the Exchange and a committee was appointed to investigate. That committee consisted of Theodore Gier, chairman; H. G. Williams, and Secretary Willie Walker, and it presented to the Exchange a recommendation that the Exchange should provide special counsel to assist the complainants and the public authorities.

An effort will be made by the residents of the section which comprises the Livermore, Sunol, Amador, San Ramon and Calaveras Valleys to stand together and refuse to sell any more of their property to the corporations which now comprise, in addition to the Spring Valley, the Union and Peoples water companies.

WILL ENDORSE BAY SHORE BOULEVARD

San Leandro People to Meet
Tonight for Discussion
of Plans.

SAN LEANDRO, Aug. 2.—A meeting of the recently organized Alameda County Highway Association will be held here tonight in the town hall and will be attended by Mayor J. J. Gili, Postmaster C. Q. Fideout and other prominent men of this section, besides a large number of the residents of Alameda and Berkeley.

The object of the meeting is to obtain the united action of all citizens interested in the furthering of the project of building a bay shore boulevard through Alameda county to San Jose. It is felt here that the successful outcome of the scheme would mean much to the town and surrounding communities. An effort will be made to get an appropriation from the \$18,000,000 recently set aside by the Legislature as a state highway fund.

INHERITANCE TAX IS A LARGE ONE

Heirs of Mrs. Anna C. Spreckels
Must Pay the State
Sum of \$3390.

SAN FRANCISCO, Aug. 2.—The inheritance tax on the estate of the late Mrs. Anna C. Spreckels, widow of Claus Spreckels, is \$3390, according to the appraiser filed today with the County Clerk. The total value of the property coming under the tax is \$231,798, and the heirs are John D. Spreckels, Adolph Spreckels, Rudolph Spreckels, Claus A. Spreckels Jr. and Mrs. Emma Ferris.

FRUITVALE HOME IS LOOTED BY BURGLARS

Mrs. W. W. Hewitt of 1365 Ohio street in Fruitvale reported to the police this morning that her residence was entered by burglars during the night by a side window, and that \$63.50 worth of jewelry was taken. The jewelry consisted of several watches, a chain and a ring.

CITY COUNCIL AUTHORIZES REINSTATEMENT OF MEN

Commissioner of Streets W. J. Baccus
Asks for Action When City Attor-
ney's Opinion is Reversed

Reinstatement of six men dropped from the pay rolls of the city when the new administration assumed office was authorized by the city council this morning at the instance of Commissioner of Streets W. J. Baccus. The men were dropped by Baccus on the advice of the city attorney that he had the right to take such action, but this opinion has been reversed and Baccus asked for the reinstatement.

The council passed a resolution dropping the men who were appointed by Baccus to fill the six vacancies, and a second resolution re-instating in their positions all those employees of the city who had been on the pay-roll prior to September 1. This is in conformity with the Civil Service provisions of the new city charter. The changes effected by the action of the council this morning will effect the reinstatement of the following men:

Charles Ott, superintendent of streets, whose appointed successor is A. H. Hayes.

Lea J. McCarthy, clerk, succeeded by W. J. Quinlan.

H. J. Tresselt, deputy superintendent of streets, succeeded by Benjamin Finchew.

C. R. Elder, time-keeper, succeeded by Emil Hahn.

C. E. Parsons, as Vrooman Inspector, succeeded by William Warrenner.

D. H. Parker, deputy superintendent of streets.

Of the new men, Hayes, under the Civil Service provisions, will be reduced to deputy superintendent of streets to his former rank as Vrooman Inspector, having been promoted July 1.

JUDGE HOLDS HIS COURT ON WHARF

Jury Inspects Property of Pa-
cific Mill and Lumber
Company.

Superior Judge William H. Waste held court for a brief time late yesterday at the wharf of the Pacific Mill and Lumber company on First street, between Castro and Grove streets. This was to give the jury that is trying the suit of the city of Oakland against the milling concern an opportunity to view the property that is the subject of the suit, and with the municipality's action to secure control of the property held under lease by the plaintiff corporation and in the immediate vicinity of its business plant, to complete its general water front plan at that point.

The property in controversy consists of about 200,000 square feet of land and while the milling company is willing to surrender its lease to the city, which has purchased the abutting strip, it demands that the court should compel the city to allow it substantial damages therefor, as well as for injury it claims will be done to its plant and business by the extension of the public improvements along the line of the property.

The milling company asks the court to fix the damages covered by the parcel of land measuring 148,000 square feet, that will be set aside from the remaining 150,000 square feet, to say nothing of the leasehold damages to cover a period of eight years that the company has to pay the city \$300,000, which the city thinks \$300,000 would be fair basis of settlement.

City Attorney B. F. Woolner and Assistant City Attorney Charles A. Beardsley are representing the municipality, while City Attorneys Snook & Church represent the milling company. Present in the case are the jury, Judge Waste, and a number of witnesses. The trial will last for a month longer, and it has already been in actual progress more than a week.

The case is expected to be decided in the department of the Superior Court this forenoon, so that it was not until after 10 o'clock that he could resume the hearing of the condemnation proceedings.

FAILS TO PAY ALIMONY AND IS SENT TO JAIL

SAN FRANCISCO, Aug. 2.—William A. Crothers, resort proprietor of this city and Vallejo, was committed to the county Jail by Superior Judge Sargent sitting for Judge Cabaniss today, for contempt of court. Crothers was divorced from his wife Mabel, February 11, 1910, and a final decree was given on March 3 last. It is claimed that he was in arrears in his alimony and failing to appear in court recently he sent the excuse that he was suffering from the effects of being shot in some trouble at Vallejo. Witnesses, however, saw him about the streets and when he appeared today he was promptly sentenced.

FERRARA IS HELD ON CHARGE OF SWINDLING

Stephen Ferrara, who was arrested in Portland on a grand larceny charge preferred a year ago by Giuseppe Valmini, was held to answer this morning by Judge George Samuels on the felony charge, his bond being fixed at \$5000. Ferrara worked the old trick, according to the testimony offered this morning, of exchanging two rolls of money with Valmini, taking the latter's \$2200, and giving him bogus bills in return. The transaction occurred a year ago.

Emil Hahn, newly appointed to the department, will probably be dropped.

The six men appointed by Commissioner Baccus, who are now displaced by this action, may not be able to collect any pay for the month, they have worked for the city, as City Auditor George Gross has refused to endorse their claims. Gross will not endorse claims from the men reinstated for this month, and the city may gain this month's work from six men without payment. An opinion will be asked of City Attorney Ben F. Woolner as to the rights of the various claimants to payment.

In moving for the re-establishment of the men in their former positions, Councilman Baccus said:

"I have been anxious from the start to conform in every way to the letter and spirit of the new charter. I asked whether I had the right to drop certain men in my department and replace them with others, and was informed by the office of the city attorney that there was nothing in the charter to hinder such action. I consequently considered that I was wholly within my rights. The men were dropped for the good of the department."

"I am now advised that the Civil Service section of the charter insures these men against such action, and as a consequence I am asking the city council to reinstate them in their former positions. This will go into effect immediately."

The men ousted by the former action have been busily engaged in demanding their rights from the council, and have threatened legal action if the reinstatement was not effected.

LAZY STUDENTS TO BE EXPELLED

Berkeley School Authorities
Take Drastic Steps to Im-
prove Standard.

BERKELEY, Aug. 2.—Disbarment from the Berkeley high school of all students who do not study was proposed to the board of education last night by Principal Gilbert N. Brink and the plan was adopted unanimously. Superintendent F. F. Bunker stated his belief that the city could not afford to maintain indolent pupils in the school at an annual cost of \$70 each.

The recommendation of Brink is expected to increase the standard of scholarship in the high school. The new rule provides that pupils who have not acquired an average of 70 per cent or over in two out of four studies pursued in the first year shall be put on probation the following term. If at the end of the second term they are still behind they will be forced to withdraw from the school.

A report of the schoolhouses and sites committee, recommending a lease of additional land near the Franklin school for a playground, at a rental of \$15 a month for a period of five years, was adopted. The city is to have an option on the purchase of the tract at the end of the five-year period for the sum of \$3750.

The plan to erect a frame building on the McKinley school property, to provide for overcrowded conditions was reported to be impracticable by Director Herman I. Stern after investigation.

That physical education is more beneficial to the child than constant medical attention was the opinion given by Dr. Everett C. Beach, director of physical education at the university, before the board.

SCHOONER SUNK BY BIG STEAMER

NEW YORK, Aug. 2.—A wireless message received today from the steamer Massachusetts, the Boston line says that while on her way here from Boston early today the steamer sank down and sank the schooner Susan Pickering of Stonington, Me., bound for New London. The schooner sank in four minutes. The captain and four men were picked up by the steamer's boats.

DISABLED VESSEL ASHORE.
VINEYARD HAVEN, Mass., Aug. 2.—With her crew of six men on board and apparently having been in collision with the steamer the three-masted schooner Susan N. Pickering, from Stonington, Me., for New London, with a cargo of stone, drifted ashore today near Cedar Tree Neck, on the north shore of Martha's Vineyard.

PASSENGER BOAT GROUNDS.
NEW YORK, Aug. 2.—The Montauk Steamboat Company received word early today that the steamer Shinnecock had gone ashore near Sag Harbor, L. I., while on her way to this city. The Shinnecock was grounded in soft sand and is in no danger. It is not known how many passengers were on board.

ESTHETIC PLANS IN SHADE TREES

City Councilman F. C. Turner introduced a resolution at the meeting of the city council this morning providing that trees along the streets shall be trimmed to a height of at least ten feet above the level of the sidewalks. Turner explained that this resolution was introduced not only for esthetic purposes of introducing uniformity in the street arboreal decoration, but also to make more effective the street lighting by low gas lamps. The matter was referred to the park commission to return an opinion as to whether this work cannot be undertaken by that department.

STEAMER ASHORE.
SEATTLE, Aug. 2.—The Sound steamer Vashon, which plies between Everett and Maxwelton, went aground on Possession Point, with several passengers aboard last night. Reports received here say that the Vashon is in no danger.

Capt. F. A. Cook Rushed to Hospital for Treatment

SAN FRANCISCO, Aug. 2.—Captain Frank A. Cook of the Twelfth cavalry, who was shot by a watchman in this city on April 12, and subsequently faced a court-martial in the Presidio, the findings of which have been sent to Washington, was taken to the Central Emergency hospital today from the Hotel Jefferson, suffering from the trouble which caused his downfall before. Captain Cook returned home and created a disturbance. The attempt of bell boys to get him to his room failed. They then hurried him over to the hospital, where he is being held for observation. Short of a return from the Philippines, Captain Cook ran amuck on Market street, attacked Watchman Hayes, an aged man employed in Spreckels Market, and was shot by him in self-defense. A powerful plea was made in his defense at the court-martial, but he has again placed himself in the same position which led to his first trouble.

CARABINEER TAKES CAMORRA STAND

Marchial Capizzuti Who Ob-
tained Abbatemaggio's
Confession, Called.

VITERBO, Italy, Aug. 2.—Marchial Capizzuti of the Carabineers of Naples, who obtained the confession of Genaro Abbatemaggio, was interrogated today at the trial of the Camorristas for the murder of Genaro Capoccolo and his wife. (Capizzuti and Marchial Ferris were the right hand men of Captain Fabroni, who conducted the detective work in building up the case against the Camorristas. Capizzuti was not permitted to give a description of the Camorra which the witness had prepared. President Bianchi saying the judges and jury had had enough of such descriptions. The witness confined himself to the particulars of the Capoccolo crime and of his association with Abbatemaggio.

He said he had known the informer as a criminal in the past and believed that he had been implicated in the murder. This suspicion being made stronger by the fact that he suddenly disappeared. Later he found Abbatemaggio in prison. Capizzuti expressed the opinion that the informer was made to confess, not because of a change of heart, but by an impulse of self-preservation.

ACCUSED GEM THIEVES FIGHTING EXTRADITION

SAN FRANCISCO, Aug. 2.—William and Maud Rogers, wanted in Auckland for the alleged theft of a large quantity of jewelry in a sensational burglary, are fighting extradition. The hearing is being held before United States Commissioner Wright and every step in the way is being hotly contested. The Rogers are already here to take the pair back to the antipodes.

TWO BEAR CUBS TO BE PRESENTED TO THE CITY

Two cinnamon bear cubs are on their way from the northern part of the State via the Western Pacific to be placed in Mosswood Park as a gift from Park Commissioner W. S. Gould, who at the present time is hunting through the woods of Plumas and Trinity counties. The bears were captured in the heart of the woods of the former county and presented to Gould by the residents of the vicinity. The railroad company is bringing them to this city as a courtesy.

NEWSPAPER MEN ARE FORCED FROM MOROCCO

LONDON, Aug. 2.—Word was received here today that two newspapermen, Francis MacCullagh and Alan Ostler, had been expelled from Agadir, Morocco, by the Khalfi of Agadir on the ground that they were not provided with letters of introduction to him. The correspondents were refused shelter and were obliged to sleep in tents. It is suggested that the Germans objected to their presence.

TODAY IN CONGRESS

SENATE.
WASHINGTON, Aug. 2.—Met at noon. Congressional reapportionment pending. Charles White continued testimony regarding his confessed bribery before the Lomen investigating committee. Senator Lippitt spoke against the cotton revision bill. Wool tariff and campaign publicity bills sent to committee. Senator O'Gorman of New York advocated and Senator Root of New York opposed the House reapportionment bill.

HOUSE.
Met at 11 a. m.
Cotton tariff bill pending. Democratic Leader Underwood in a speech denounced as false William Bryan's attack charging Underwood with blocking revision of steel and iron tariff schedules. Agricultural expenditures committee investigating the Wiley-Remsen board affairs received missing opinion of Assistant Attorney-General Fowler declaring Remsen board illegal. Free list bill received from Senate. Will be acted on soon. Hinds of Maine opposed and Witherspoon of Mississippi advocated the cotton bill.

EARTHQUAKE REPORTS ARE BRANDED EXAGGERATIONS

Governor Johnson and Prominent Engineers Label as False "News" of
Damage and Death

Newspaper publishers of San Francisco, representing the Bulletin, Call, Examiner, Chronicle and Post, in connection with and under the direction of the directors of the Panama-Pacific Exposition, have issued the following statement:

After an exhaustive investigation it has been determined beyond question that the only harm done to San Francisco by the earthquake of July 1, 1911, was accomplished through the exaggerated reports sent out by certain newspapers and correspondents and published by certain newspapers.

Fully supporting the conclusions of this investigation the statements officially issued by the following authorities:

HIRAM JOHNSON, Governor of California.

DR. ARMIN O. LEUSCHNER, professor of astronomy and director of the students' observatory, University of California.

STURLA EINARSSON, instructor in practical astronomy, University of California.

PROF. R. G. AITKEN, acting director of the Lick Observatory.

W. T. LICK, state engineer of the state of California.

H. D. CONNICK, chief assistant to the city engineer of San Francisco.

REV. E. M. RICHARD, S. J., director of seismographic station, Santa Clara College, Santa Clara, Cal.

OTTO VON GELDERN, consulting engineer, secretary of the Technical Society of the Pacific Coast, member of the Seismological Society of America, member of the engineering committee on the earthquake of 1906, American Society of Civil Engineers.

These official and authoritative reports fully confirm the results of the investigation. They show that absolutely no damage was done by the shock in question to person or property in San Francisco.

They show that the only place in the state which suffered in any degree from the quake was the Lick Observatory, conducted by the University of California on Mount Hamilton, Santa Clara county, seventy-five miles from San Francisco and twenty-five miles from San Jose.

Even there the damage was nominal, except to buildings injured by the earthquake of 1906 and not adequately repaired.

DEATHS DENIED.

It is not true that any death was occasioned, even remotely, by the shock of July 1. It is not true that anybody was even slightly injured as a direct or indirect consequence of the quake.

It is not true that San Francisco was thrown into a state of panic or that a condition of public terror prevailed.

It is not true that buildings were thrown out of plumb, that cornices were thrown down and plaster cracked.

It is not true that business was paralyzed and public amusement suspended for the remainder of the day.

The quake in San Francisco lasted perceptibly less than twenty seconds. It was short and it was not back immediately.

People did run out of crowded public places, such as stores and theaters, but they went back immediately.

The interruption of business or of pleasure did not actually amount to five minutes. It was a fire alarm without a fire.

Absolutely no visible or tangible physical trace was left by the shock. There was no displacement of ground, no disturbance of telephone, telegraph, electric light or gas connections; no stopping of street cars; no consequential or secondary disturbance of any kind.

The most unstable goods or fixtures; no falling of chimneys or plaster; no fractures of any kind; no breaking of windows or crockery; no money loss of any description to any person.

CAUSE FOR GRIEVANCE.

In these circumstances San Francisco, which has suffered much in the past from such calamity as may befall any city on earth at any moment, has cause to feel aggrieved at the exaggerated reports of a mild visitation whereby she suffered nothing except in the damage done her reputation by these reports.

The sources that furnished the reports and the newspapers that published them, would have done the city a simple justice if they had used the incident to show how well the work of rebuilding has been done.

It was the first test, and so might have been given value as news of a constructive and helpful character.

In 1906 the country did not wait for San Francisco to ask aid. In 1911 it ought not to wait—especially the newspapers of the nation ought not to wait—for San Francisco to ask justice.

Hereto are appended the statements and news issued by the authorities above cited.

By HIRAM JOHNSON, Governor of California.

Grossly exaggerated reports of the damages in San Francisco caused by an earthquake on July 1 have been published in various places in the United States and in Europe.

These alarming reports, unless contradicted, might cause injury to San Francisco and California.

It is true that a sharp earthquake was felt along the Pacific coast on July 1 at 2 p. m. The tremor zone extended from Salinas, Cal., north to Seattle, a distance of more than a thousand miles.

Not a dollar's worth of damage was done anywhere in California, not a person was injured, even slightly; not a brick was dislodged from any building, either completed or in course of construction in San Francisco; not a chimney was not a wall of plastering was cracked.

Because of the false reports printed in many cities I have caused a thorough investigation to be made and I wish to inform the publishers of newspapers and all people in America and abroad that the earthquake of July 1, 1911, was not only a false report, but it was a malicious and untrue report.

It is true that San Francisco and other California cities were shaken on April 18, 1906, but the earthquake of July 1, 1911, was not a continuation of the April 18, 1906, earthquake.

The earthquake of July 1, 1911, was a distinct and separate event, and it was not a continuation of the April 18, 1906, earthquake.

The earthquake of July 1, 1911, was a distinct and separate event, and it was not a continuation of the April 18, 1906, earthquake.

hibit Washington Will Even
to Vice-President.

Beauties of New Hostelry Set
Forth in Illustrated
Brochure.

Ideal Resorts
For Your Vacation
Very Low Excursion Rates
THERE IS

SACRAMENTO, Aug. 2.—Although
Mrs. Caroline Abbott, of this city last
night positively identified the body of the
murderer of Miss Anna M. Dudley as
that of Charles James Emery, who mar-
ried her sister-in-law, Clara Abbott,
Woodbridge, San Joaquin county, nearly
eighteen years ago and who later de-
serted his wife and five children, the jury
refused to fix identity. Mrs. Abbott was
the first to be placed on the stand at the
continuation of the coroner's inquest,
which has concluded with perfunctory
verdicts.

Henry Wong Him, son of the Chinese
doctor of San Francisco, whose of-
fices Miss Dudley and Emery first met,
was the second witness. He was fol-
lowed by his mother and sister Katie,
and finally by Dr. Wong Him himself.
Persistent questioning of the Chinese
family by the officials failed to bring
forth any evidence which might have
thrown light on the motive that impelled
Emery to slay Miss Dudley.

Dr. Wong Him testified that Emery,
alias Cole, had been treated at his
office for malignant blood disease and it
was during one of his daily visits to the
office that he met Miss Dudley.

The jury room was crowded with spec-
tators with a morbidly curious throng who
eagerly drank in the details of the testi-
mony.

WASHINGTON, Aug. 2.—The will of
George Washington is not exhibited on
Sunday, even though the vice-presi-
dent of the United States requests it.
The story runs that Vice-President Sherman,
an ardent motorist, accompanied by
friends, took a spin last Sunday in Vir-
ginia. Reaching Fairfax Courthouse they
decided they would like to see the origi-
nal will drawn by the first President.
The party was directed first to the home
of the deputy clerk of the county. The
deputy expressed regret, but quite posi-
tively informed the vice-president that
the rules forbade the courthouse, where
the document is kept in a glass case, be-
ing opened on Sunday. Finding the of-
ficial obdurate the party repaired to the
home of his chief, some distance away.
The clerk was as strongly rule bound
as his deputy and the vice-president and
his friends left for Washington with their
curiosity unsatisfied.

CLUBROOM A FEATURE.

An extra \$5000 was added to the
original cost of the clubroom to make
it surpass anything of its kind on the
Pacific Coast. It will be paneled in
walnut with Italian ceiling, in colors. A
music gallery above the door will fur-
nish music for both the cafe and the
lounge room. The other hotel accom-
modations are without parallel
and there is an additional merit most
appropriate to a California caravan-
sary in that practically every room in
the hotel will receive sunshine at
some part of the day and all the rooms
will receive light direct from the open
street.

Practically all the prominent busi-
ness men and business firms in the
city are stockholders in the Oakland
Hotel Company, which has an author-
ized capital stock of \$3,000,000.

The officers of the company are:
President, W. W. Garthwaite; vice-
president, Edson F. Adams; secretary,
James P. Edoff; assistant secretary,
Golden L. Downing.

The directors are: Edson F. Adams,
L. G. Burpee, H. C. Capwell, Joseph
F. Carlston, F. J. Woodward, W. W.
Garthwaite, William G. Henshaw, E.
A. Heron and M. J. Layman.

\$1,000,000 HOUSE FOR
HISTORICAL SOCIETY

SPRINGFIELD, Mass., Aug. 2.—The
million dollar house of the late Daniel B.
Wesson, the firearms manufacturer, has
been turned over to the Connecticut val-
ley Historical Society by Wesson's heirs.
The only condition attached to the sale
is that the society shall raise \$100,000
for the maintenance of the property. J.
Pierpont Morgan has already subscribed
\$10,000 to the fund. The place has been
lying idle since Wesson's death a few
years ago and will now be used by the
Historical Society as its permanent home.

ANNOUNCE ENGAGEMENT.

SANTA ROSA, Aug. 2.—The en-
gagement of Miss Irene Warboys, the
eldest daughter of Mr. and Mrs. John
W. Warboys, and Lawrence Burford, a
graduate of the civil engineering col-
lege of the University of California,
is announced.

FRECKLES

Here's a Simple Remedy That
Banishes Early Freckles
Almost in a Night.

If people who freckle every summer
would get a two-ounce package of Kintho
in July they would be almost sure to
have no trouble when the hot August sun-
shine discloses freckles on other people.
One thing is sure—the quicker you use
Kintho the sooner you'll be rid of your
freckles. Get it wherever toilet goods
are sold. If it fails, get your money back.
"Use Kintho Soap, too. It will not
only help give the freckles a push, but it
is delightful for toilet use."

CITY OFFICIALS RAID STANDARD OIL PLANT

CLEVELAND, Aug. 2.—As a result
of the raid made by city officials last
night on the artificial gas plant of the
East Ohio Gas Company, a Stand-
ard Oil subsidiary which supplies the
city with artificial and natural gas
part of their alleged evidence was
heard before County Prosecutor Kline
today with a view to possible grand
jury investigation. The raiders, who
were aided by the police, obtained
samples of a product they claim the
company has been mixing with so-
called artificial gas and which they
assert is natural gas. These samples
will be analyzed at once.

MAHON APPROVES STRIKE
OF DES MOINES CARMEN

DETROIT, Mich., Aug. 2.—William D.
Mahon, president of the Amalgamated
Association of Street and Electric Rail-
way Employees of America announced to-
day that the international board of the
association has approved a strike of
street railway employees in Des Moines,
Iowa. Fred Fay of Tpsalanti, Mich., a
member of the board, is in charge in Des
Moines and will order a strike when he
deems advisable.

It is understood the controversy arose
over an alleged violation of contracts
with its employees by the Des Moines
Street Railway company.

**READINGS \$1.00
REDUCED FEE FOR THIS
WEEK ONLY**

I give just as careful and complete a revelation of your business, love and domestic affairs for \$1.00 as I do for my regular fee of \$5.00 and \$5.00. I am not the one who is content to introduce myself and my work more extensively to the people of this city, where I have established my permanent home.

MY WORK SPEAKS FOR ITSELF.
While I have the independence of hundreds of the most noted men and women of America, I deem them of little value, since I stand alone upon the pedestal of my own eyes and ears cannot help but realize that my work is of the highest order of genuine clairvoyance.

MASTER OF STRANGE POWERS.
The Del Martin Psychic Treatment without Apparatus or Drugs builds vigorous brains, superb, energetic bodies, developing great nervous force, strong muscles, vigorous heart, creating a perfect circulation, permanently radiating constitution, inducing strength, nervousness, serving general debility, lack of ambition, lack of vitality by revitalizing, regenerating, rebuilding and restoring the body, brain and nerves to their normal power.

WHAT I DO FOR YOU
I call your name, tell your age, your occupation, the condition of your business, and in and how to promote it, tell you all about your wife, husband, sweetheart, lover, and how to win the love of anyone you desire. I tell you of any more, journey, speculation, position or success of any kind which is before you and how to act to obtain the best results. I tell you exactly what your acquaintance think of you, who to trust and who to snub. I tell you whom and when you will marry. If at all, and how to secure it. In short, I tell you everything you call to find out, and I am waiting to answer you a question, or you speaking a word.

Removes the separated. Teaches you how to fascinate and control anyone you desire. Causes happy and speedy marriages. Develops mediumship to its full extent. Degree in those who have any latent power whatever. If I do not succeed or above stated, I ask no fee for my work and time whatsoever.

Parlors arranged so you meet no strangers and suited to the most exclusive patronage. Permanently located in his own home, 813 Twelfth Street, Oakland, Cal. Hours 10 to 8:30, Sundays 10 to 6.

PROF. DEL MARTIN
813 Twelfth Street,
Psychic Institute.

**PANAMA'S POLITICAL
SITUATION COMPLICATED**

PANAMA, Aug. 2.—The political situation here grows more complicated. The friends of President Arosemena's administration openly assert that all government employees who do not favor his re-election will be replaced by those who do.

This unprecedented campaign on behalf of the national executive was begun with the issuance of a decree replacing Ramon F. Acevedo, secretary of the government and chief of the cabinet, with Felodoro Patino, who has been the secretary of public instruction.

**DRASTIC PROHIBITION
LAWS ARE PROPOSED**

AUSTIN, Texas, Aug. 2.—The first step of the special session of the legislature towards stringent saloon regulation in Texas was taken today when a senate committee reported favorably a resolution for closing saloons from 7 o'clock at night until 6 o'clock in the morning, a ten-mile law and a quart law. The resolution was introduced simultaneously in both houses.

ROUTING DAYS SUGGEST

CUTICURA SOAP
For sunburn, prickly heat irritations, chafings, redness, roughness, bites and stings of insects, etc., warm baths with Cuticura Soap and gentle anointments with Cuticura Ointment are most effective, agreeable and economical.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with full directions on the skin, will be sent post-free on application to "Cuticura," Dept. Z, Boston.

HOWARD AUTO CO. OPENS LOCAL BRANCH

**Buick and Olds Will Now Have
Direct Representation;
Notes of the Row.**

(By J. A. HOULIHAN.)

The Howard Automobile Company, Pacific coast distributors for the Buick and Oldsmobile, have established their Oakland branch at 162-166 Twelfth street, in the quarters formerly occupied by the Buick Auto Sales Company. The move on the part of the Howard Company to locate here was known for some time, but it was not until yesterday that they opened the local store.

R. F. Thompson, one of the best known of the automobile men on the Pacific coast, is in charge of the branch. Thompson is best known by reason of his connection with the tire end of the automobile business. For a number of years he was San Francisco manager of the Pisk Rubber Company, leaving them to accept the same position with the Michelin Tire Company. This company has left to join the Buick and Oldsmobile distributors.

A service department for the proper care of owners is to be established and in charge of it is Frank Murray, the well-known racing driver, who for years past has played an important part in making the Buick the well-known car it is today. If ever a man knew the mechanical end of the Buick business, Frank knows it, and Buick owners and prospective purchasers feel sure of the best of treatment from him.

The combination of Thompson and Murray in the position named is a good one.

Thompson stated last night that the rapid growth of and increase in the number of owners of his line of cars made it imperative for the Howard company to establish a branch of their own in order that they could more properly care for owners. "The service department which we will inaugurate," Thompson said, "will care for this important feature and our owners can now rest assured of prompt and careful attention."

"We will carry a full line of our cars and at all times will be in a position to make immediate deliveries of any of the various Buick models."

BIG STUDEBAKER ANNOUNCEMENT.

The recent startling forty-nine page advertisement of the Studebaker Corporation which appeared exclusively in Motor World of June 22, entitled "Which is the largest automobile factory in the world?" has been reproduced in reprint form and is being distributed free of charge by the Studebaker branches. It is an interesting document from many standpoints and well worth reading.

The Pioneer Fruit Company has purchased an E-M-F "30" touring car for use at Red Bluff. The Pioneer people now have forty or fifty of these cars in service.

**ABBOTT-DETROIT 'BULLDOG'
NEARING THIS CITY**

SAN LUIS OBISPO, Aug. 2.—Covering 120 miles in six hours over the rough and winding mountain passes, the Abbott-Detroit "Bulldog" arrived here last night, having covered one-half of its 250 mile tour. Realizing that the "Bulldog" was in the city, the tourists report Gaviota pass in extremely bad shape and dangerous, while the new road over Lompoc mountain to Santa Maria, with its average continuous up grade, is in fine condition, but a hard pull. This road, which joins the old road at San Luis Obispo, cuts off ten miles and avoids some very

MRS. ERNST AND SON WILL ENJOY EXTENDED TRIP

MRS. JOHN ERNST, who has left for a tour of the east.

Mrs. John Ernst and her son Nye Ernst have left for New York where they will spend several weeks touring the various cities. Included in their itinerary are Atlantic City, Asbury Park, Long Branch and the Thousand Islands. On their way home they will stop at Washington, D. C., and will visit relatives.

**CARDINAL FEARS MAFIA;
ASKS TO BE TRANSFERRED**

ROME, Aug. 2.—Cardinal Luiall, Archbishop of Palermo, has asked the Vatican to transfer him to another diocese. He says life is unbearable in Sicily, where the Mafia society persecutes him, trying by all means to extort money from him and to secure information about persons who confess to clergy under his jurisdiction.

The Pope has promised to satisfy the cardinal as soon as possible, but meanwhile the Vatican authorities hesitate, fearing some attempt to transfer the cardinal to a diocese where he might reveal certain facts known to him which the Mafia thought it important to obtain. The cardinal refused.

HEADS DEAF SCHOOL.

FULTON, Mo., Aug. 2.—Simeon L. Walker, a business man of Portland, Ore., last night was selected as superintendent of the Missouri School for Deaf, and immediately took charge of the institution here. He succeeds Noble B. McKee, who recently died.

humpy traveling. The tourists expect to make Monterey tonight and arrive in San Francisco Thursday evening. The total mileage to date is 20,546 for one year of continuous touring.

MAY ABANDON GLIDDEN TOUR

Entries Are Slow and Few and
Outlook for the Race
Discouraging.

CHICAGO, Aug. 2.—The Glidden tour for 1911 will be abandoned in all probability, according to information received by local motorists who are in touch with affairs of the contest board of the American Automobile Association. Though no official announcement of the abandonment of the tour has been made, the Chicagoans point out that S. M. Butler, chairman of the A. A. A. contest committee, said recently that unless thirty entries were in by August 1 the run would go by the boards.

At the time of Mr. Butler's announcement there were entered only ten cars. Since then only a few nominations have been made.

Bearing in mind the possibility of the absence of a Glidden tour the Chicago Motor Club is planning for this fall a five-state reliability run. The contest board of the club has ordered the chairman of the runs and tours committee to draw up a schedule for a six-day event over the best roads that can be found in Illinois, Indiana, Ohio, Kentucky and Michigan.

**ANIMAL LOVERS MEET
AT BIG CONVENTION**

COPENHAGEN, Aug. 2.—The International Animal Protection and Anti-Vivisection Congress opened here yesterday with 200 delegates in attendance, among them many Americans. After the Rigsgad had voted a subvention for the congress, King Frederick promised to give it his patronage; but later he refused to do this when he learned that the congress was against vivisection. The ground taken by his majesty was that he could not bestow his support upon a body which was opposed to scientific methods of research. Thereupon the members of the cabinet also refused to become patrons of the congress. The presidency of the congress finally was accepted by M. Marott, a Socialist member of the Rigsgad.

**BULLDOG MAIMS HORSE
IN FIGHT ON STREET**

SAN FRANCISCO, Aug. 2.—Several hundred persons witnessed a light battle between a bulldog and a horse in Eddy street, across from the hall of justice. The horse was so badly injured that it probably will have to be destroyed.

The horse was standing near the curb when the dog, walking by the side of George O'Leary, a dog trainer, of Twentieth street and Potrero avenue, sprang and buried his teeth in the horse's nostrils. Officers A. J. Knopf and A. J. Kilder of the Pacific Humane Society attempted to tear the dog from his hold, but could not.

**J. F. STEVENS TO BE
MORGAN'S MEXICAN MAN**

PORTLAND, Ore., Aug. 2.—According to a prominent business man of this city, who is a close personal friend of John F. Stevens, former head of the Hill railroads in the Pacific Northwest, Stevens is to become personal representative of J. P. Morgan in the control of the National Railways of Mexico. It is the understanding that Stevens will assume the management of the road immediately following his return from Europe.

'HOGAN IN SOCIETY' IS A SCREAM

Bert Leslie's Slang Classic
Keeps Bell Audience in Up-
roar of Laughter.

GEO. ROLLAND, "The King of Hick" in clever Bell skit.

"It was Bert Leslie who established 'Hogan in Society' as America's slang classic and, until recently, it was Bert Leslie who had kept vaudeville-going America laughing at the adventures of that really amusing 'Hick' upon the occasion of his first plunge, via the barbers' route, into circles above the social plane he was born and bred to. But recently has come young George Rolland to contend with Leslie for the title of 'King of Slang,' and no less an authority than Leslie himself admits that Rolland is easily his equal. So sincere is Leslie in this conviction that he has turned the 'Hogan' act over to Mr. Rolland and a very capable company, and the show is at the Bell this week. With Mr. Rolland in the title role, the act was tried out in New York city recently and John W. Considine happened to be present at the tryout with the result that he personally ordered it booked for the full Sullivan and Considine tour. Many good things, including the inimitable Billy Van, are sending Bell audiences home this week with that thoroughly satisfied feeling. Not in some time has there been a bill which has so generally taken the Bell patrons off their feet, so to speak, as the very clever show this week.

HEAT GREATEST IN FORTY YEARS

Human Suffering and Damage
to Crops Breaks Record
of United States.

WASHINGTON, Aug. 2.—Not in the last forty years have temperatures in the United States during the late spring and early summer been so uniformly high for so long a period, and over such a large portion of the country as this year, according to weather bureau officials. The high temperatures were most pronounced over the more central and northern portions of the country, while the southern states were comparatively exempt from unusual heat.

The intense heat occurring over the more populous sections caused suffering in the congested portions of the cities and resulted in the loss of probably thousands of lives.

Lack of rainfall over the great agricultural district during most of the long heated period greatly retarded vegetable growth and threatened a serious curtailment of crop production. Opportunity rains, however, with cooler weather, greatly improved conditions and the outlook at the present time is favorable for the gathering of the usual harvests of most of the great staples.

The period of greatest discomfort was from June 22 to July 10. Higher temperatures occurred at other periods over much of the territory, but the resulting discomfort and loss of human life were doubtless augmented in the period just passed by the fact that the most intense heat occurred toward the close of a long-heated period, when the animal vitality had been largely depleted and therefore not in condition to further withstand the debilitating effect of still greater heat. The nearest approach to the recent hot waves was in 1901.

**ROYALTY MOURNS END
OF EDWIN A. ABBEY**

LONDON, Aug. 2.—Papers print extended obituaries of Edwin A. Abbey. All speak flatteringly of his talent as a great colorist and rare draftsman and say that he was unexcelled by any living painter in rendering mediaeval subjects. Abbey was so successful with his picture of the coronation of King Edward that he was invited to paint the coronation of King George, but declined. He explained that he had suffered much trouble and annoyance in completing the first work. King Edward and Queen Alexandra had shown every consideration, he said, but others of lesser rank were most exasperating in their lack of punctuality in keeping their engagements and at the same time so vain that they exhausted his patience. King George and Queen Mary have sent messages of condolence to Mrs. Abbey.

OAKLAND'S BOYS AND GIRLS

LOW SENIOR CLASS ORGANIZE AND ELECT

The class of June '12, the low seniors, of the Oakland High school, was organized yesterday afternoon at the local high school with a record attendance. Plans were made for the future and the colors of the class, red and white, were chosen. The election of officers was called by Jack Learner, temporary chairman, and resulted as follows:

President, Howard Sargeant; vice-president, Helen Breck; secretary, Norma Dearborn; treasurer, Earl Pedlar; and sergeant-at-arms, Archibald McDonald. Howard Sargeant, the new president of the class, is also yell leader of the school. Sargeant defeated Joan Witter, his opponent, by a fair vote.

The ribbon committee which selected the class colors included: Genevieve Hough, Mildred Manuel and Frank Stewart. A committee of five is to be appointed by the president of the class to confer with a committee from the high senior class as to the best way of deciding the superiority of the two classes. This will be by some athletic event, such as a track meet or ball games, instead of the time-honored class rush and petty fights.

O. H. S. AEGIS TO APPEAR.

It was announced by the business manager of the Oakland High School Aegis that the school publication will appear about September 4. Much material for the paper is being handed in to the editor, Harold Wadsworth, by the students and a very creditable paper is looked for. The Aegis committee, composed of R. Sutton of the faculty, Harold Wadsworth, editor, and Jack Learner, business manager, announced today that a large number of money prizes would be awarded for the best cover, best stories and best frontpieces contributed by students. The first edition of the Aegis will contain sixty pages of stories, jokes, fancy sketches and cartoons.

SENATE CONVENES.

The first regular meeting of the fall term of the Oakland High School Senate was held at the local high school yesterday with a large number in attendance. Frank Manlin, the newly elected president of the society, presided with the other new officers in their chairs. Carol Wright of the track team was elected chairman of the membership committee, and Kirby West and Jack Learner were elected third members of the execu-

INSECT LIFE IS STUDIED BY BOY

HERBERT EDWIN DOW, a 3-year-old boy, who is fond of outdoor activities.

Insect life in all its aspects is being studied by Herbert Edwin Dow, a three-year-old boy. Herbert is fond of outdoor life and passes the greater part of his time among the flowers. He is cultivating a love for the life in his simple manner Herbert tells his friends about his observations of nature.

**FOOTBALL PASSES AS
INCENTIVE TO STUDY**

NEW HAVEN, Conn., Aug. 2.—To stimulate scholarship in the public schools of New Haven, the Yale Football Association has decided to offer free passes to the season's football games to the students who stand highest in the grammar and high school grades. The idea was conceived by Captain Howe of the Yale eleven, who is one of the best scholars of the senior class at Yale. The New Haven board of education last winter deliberated for several months a motion to abolish football, but finally decided to let it remain for the present. The officers of the Senate are: Frank Marvin, president; Lloyd N. Cobbleddick, vice-president; Ferdinand Claudius, secretary; Martin Benzine, treasurer; Chester De Lancey, students' council representative, and Harold Nold, sergeant-at-arms. The Ecclesia, the girls' debating society, also held their first meeting yesterday.

ABANDON PLAN FOR MANUAL TRAINING IN SCHOOL

Manual training and domestic science will not be introduced in the school of Piedmont this term, according to a statement made by Mrs. E. A. Guilbault, first chairman of the Mothers' Club of the school of Piedmont, who, several months prior to the close of school suggested that these two branches be taught in that institution.

"The idea of inaugurating such a course has been temporarily dropped by the club," said Mrs. Guilbault yesterday. "The school trustees care to take up the matter at a later date, but they may do so. The Mothers' Club has too many other important things to attend to at the present time. We want to buy pictures for the building and improve the yard."

An eighth grade has been added to the school of Piedmont with Mrs. K. D. McDavie as instructor. The enrollment in that school yesterday was 216, which shows an increase over that of last year.

**CHILDREN PUT COIN IN
CHICAGO POSTAL BANK**

CHICAGO, Aug. 2.—A fair sized crowd, including several children just past 10 years of age, was lined up at the door of the new postal savings bank in the morning yesterday at 9 a. m., the open hour.

With one hand clutching a \$5 bill and the other gripping the doorknob, small Mike Phelan, copy boy in a local paper's telegraph room, stood braced in the doorway, pushing back his competitors and glaring suspiciously at the guards. He had been there since 2 o'clock a. m.

Next in line was 12-year-old Adeline O'Grady, who expressed plainly and frequently her desire that Mike withdraw, all asleep as he lay the line, even so, or do anything else that would let her in first. Adeline deposited \$1. Her place in the line had been held by Stanley Henski, a messenger, since 4 o'clock in the morning.

William Luce, 6 years old, was the youngest depositor. He was accompanied by his mother and carried 600 pennies in a large tin.

The first day ended with 353 depositors on Little Star's bank books. The total deposited was \$9416, an average of about \$26.23 apiece. No one is allowed to deposit more than \$100 in a single month, or the average would have been raised considerably.

Cressey Excursion

We have arranged for an excursion to Cressey on Sunday, August 6th, going and returning on same day. There is no better alfalfa land in California than the old Cressey farm in the San Joaquin valley, now subdivided into 10 and 20-acre tracts, and sold on the easiest terms. The soil is sandy loam, highly productive and easily worked. It has water from old gravity system. Is on railroad and adjoins thriving new town of Cressey City on the beautiful Merced river. Join us on our excursion and inspect this choice property for yourself. Full particulars will be sent on request. Or call and see our Cressey display in Central Bank Building, ground floor.

GROWS HAIR ON BALD HEADS

Research is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs, which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs. The combination is of course very potent for restoring the hair to its natural color, where the loss of color has been due to disease. Yet it is not a coloring matter in any way.

The famous Rexall "93" Hair Tonic is the only one of its kind, because it is a pure and healthy condition of the scalp, which prevents the development of new germs. The combination is of course very potent for restoring the hair to its natural color, where the loss of color has been due to disease. Yet it is not a coloring matter in any way.

We want you to try a few bottles of Rexall "93" Hair Tonic on your personal guarantee that the trial will not cost you a penny if it does not give absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is grazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any case, you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at the Owl Drug Company, Inc., 10th and Washington, 13th and Broadway, and 15th and San Pablo avenue.

HYDE CASE TO BE PROSECUTED

State Attorneys Promise Case
Against Physician Will Be
Pushed to Limit.

KANSAS CITY, Mo., Aug. 2.—That the county prosecutor's office will not abate its activities in the forthcoming trial of Dr. E. Clark Hyde, convicted of the murder of his wife's uncle, Thomas H. Swope, millionaire philanthropist, is assured by the appointment of James R. Fago as assistant prosecuting attorney. It is understood that Fago will devote his time solely to the Hyde case.

The former verdict of guilty with a sentence of life imprisonment was reversed by the supreme court and the case remanded for a new trial. Virgil Conklin, prosecuting attorney, is now on a long vacation and it is understood that upon his return he will at once plunge into the task of marshalling the evidence in the Hyde case.

The prosecution of Dr. Hyde's second trial is to be handled solely by the prosecutor's office, it is said, without the aid of outside counsel. This is taken to mean that Mrs. Logan C. Swope, who spent a small fortune in the prosecution of the first trial, will contribute no more funds but will leave the case entirely to the state.

SOFT DRINKS FOR PARCHED WOODLAND

WOODLAND, Aug. 2.—For the first time in her history Woodland is a dry town, and will continue to be dry for some time to come. All saloons in the city ceased business at midnight, when the ordinance passed by the Town Trustees in obedience to the wishes of the voters became effective.

The last few wet days were days of greatest prosperity for the saloon men. Nearly every one had more calls for case goods than could be filled, although preparations had been made to meet the heavy demand. The townspeople who dreaded the impending drought laid in large supplies of their favorite brands, and cellars in this part of the county are now well stocked. The town of Davis will become dry next month.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Stikston, Mo. — "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like I can do any housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."

—Mrs. Della BETHUNE, Stikston, Mo. The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulcerations, blood tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?

THURSDAY NIGHT CLUB TO JOIN GUARDSMEN AT MILITARY BALL

Young women prominent socially who are taking an active interest in the coming military ball.

Through the combined efforts of the Thursday Night Club and company F, Fifth Infantry, National Guard of California, all arrangements have been completed for their military dance next Thursday evening, August 3, at Maple hall.

The grand march will be led by Captain C. A. Sullivan and bride. During the evening a fancy drill will be given by a platoon in command of Lieutenant Mast.

A combined reception committee has been appointed. It is expected that the gallery for spectators and chaperons will be overtaxed. The reception committee is as follows: Miss Mabel McIntosh, Miss Louise Jones, Miss Gertrude Ayer, Mrs. C. A. Sullivan, Miss Edith Adams and Miss Lillian Browne. The hall will be lavishly draped with national colors.

EL ORO QUIET; MINERS THREATEN

Foreigners Ordered to Leave
Camp; Soldiers Jeered
by Strikers.

EL ORO, Mex., Aug. 2.—Quiet prevails this morning in this mining town where troops fired into a mob of striking miners, killing nine and wounding thirty-two persons. Four hundred federal soldiers arrived yesterday to reinforce the 200 troops from Colima and it is believed they will be able to preserve order and protect property.

The striking miners are concentrated about the streets in sullen groups, but apparently awed by the presence of the troops and contenting themselves with haranguing and jeering the soldiers. In an hour men are ordered to leave the camp and declare the strike.

The discovery that bribes had been offered for the killing of the mine superintendent and his two assistants caused the management of the El Oro mine to declare a general lockout and ask the federal government to make a full investigation of the motive of the strikers. It is said that the demand of the strikers for higher wages is only incidental and that their real motive, seemingly, is antagonism to foreigners. Posters distributed throughout the town order foreigners to leave the camp and declare the strike themselves. Several dynamite bombs have been found in the mines. The smelters are continuing operations, the surface men refusing to join in the strike.

MEXICAN EDITOR DUE FOR OFFICIAL CHASTISING

GUADALAJARA, Aug. 2.—A demand for the immediate punishment of Enrique Villaseñor, editor of a weekly, El Gato, for grossly insulting Americans, was made to the governor yesterday by the American consul, Samuel Magill. The last issue of the paper contains an article whose initial letters direct at Americans the vilest epithets. The motive was the lynching of Antonio Rodriguez in Texas last November. The article consists of various statements, depicting the discovery of America by the present infamous inhabitants of the United States. The authorities have instituted criminal proceedings against Villaseñor. Consul Magill declares if the prosecution is not pushed an appeal will be made to the American embassy.

SEVEN DROWN WHEN STEAMER HITS SHOAL

MASSENA, N. Y., Aug. 2.—Seven persons were drowned yesterday when the steamer Syrus struck a shoal eight miles from the city, capsizing and hurling 75 passengers into the water. Four bodies have been recovered. The steamer Syrus left here yesterday morning for Cornwall, on the Canadian side, for a day's outing. The steamer started on her return trip about 4 o'clock. Her passengers were seated on the deck when the crash came.

Women who were swept bare in a moment, and the men who were flung about as cannon shot, and the other portable articles, while others, aided by male companions, fought their way to the overboarded steamer. Picknicks at the international park, near by, in motor boats and skiffs, rushed to the rescue and saved scores.

CHRIS EVANS PRAISES PRISON REFORM PLAN

PORTLAND, Ore., Aug. 2.—Chris Evans, the notorious outlaw, who was pardoned three months ago by Governor Johnson of California, yesterday expressed himself strongly in favor of the modern tendencies toward prison reform. Innovations introduced by Governor West of Oregon were especially praised. "I admire his courage," said Evans. "Strongly condemning the graft and petty tyranny that prevails in prisons, he has made a model of the average prison warden for his position. He has lined a system of treatment that would, in his belief, make model prisoners of the four rules which Chris Evans would advance for the care of a prisoner: 1. Feed him well. 2. Clothe him decently. 3. Give him congenial work. 4. Trust him."

BROTHER DEFENDS VICE-PRESIDENT

Sanford F. Sherman Denies
Relative Has Protected
Own Cannery.

UTICA, N. Y., Aug. 2.—The announcement at Washington by Chairman Moses of a house committee on expenditures that his committee intends to investigate thoroughly the charge that the New Hartford Canning company of which Vice-President Sherman is the head, has been immune from prosecution for alleged violation of the pure food law, brought a response from the vice-president's brother, Sanford F. Sherman, superintendent of the company. This talk of an investigation, said Sherman, "this company has never misbranded an article and to my knowledge there has been no complaint made against the New Hartford Canning company or any of its branches. This whole affair is simply a political attack on my brother, the vice-president."

To the inquiry: "Have you received any information regarding the investigation of the vice-president's brother replied: "I have not, and I don't believe there will be any investigation. However, if they want to investigate let them come right ahead."

NEVADA INDIANS AGAIN TAKE TO THE WARPATH

RENO, Nevada, Aug. 2.—According to a report reaching Reno from Superintendent Hoover of the McDermitt Indian reservation, in Northern Humboldt county, Nevada, a band of seven Indians, headed by Salmon River Jim, are on the warpath and headed for Northern Washoe county to avenge the death of Indian Mike and his brave.

Superintendent Hoover transmitted the information to Sheriff Lamb of Humboldt, who informed Sheriff Ferrell of Washoe county. Sheriff Ferrell has informed Sheriff Smith of Modoc county, California, to be on the lookout for the band. According to Hoover, a band of his Indians met Salmon River Jim, and his braves a few days ago. Salmon River Jim told the reservation there had been a fight and his braves, who were mounted and heavily armed, were out to avenge the death of Indian Mike, who was Salmon River Jim's brother.

TEMPERATURE OF BOILING LAVA 1850 DEGREES

HONOLULU, Aug. 2.—The party of scientists at the Carnegie foundation to Hawaii to study the crater of Kilauea have succeeded in measuring the temperature of the boiling lava in the mouth of the famous volcano. The specially constructed pyrometer registered 1010 degrees centigrade, which is 1850 degrees Fahrenheit. This is the first time that the temperature of boiling lava has been ascertained.

OSTRICH BREAKS NECK FLEEING FROM MAN-BIRD

LONG BEACH, Aug. 2.—Frightened by an aeroplane that flew over the city and skimmed along above the pen where the birds were confined, a big ostrich at the farm here fell and broke its neck. When the man bird flew in sight the ostrich fled in wild alarm and one of the largest birds collided with the trunk of a tree and broke its neck. None of the other ostriches were injured.

THIRTY YEARS TOGETHER.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Aris, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and it's the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for its grippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1.00. Trial bottle free. Guaranteed by Osgood Bros.

OAKLAND ACTRESS IS SENT TO JAIL

Beth Van Arminge, Now Peggy
Munroe, Makes Debut
in Variety.

From New York comes the news that Miss Beth Van Arminge, a former Oakland high school girl and later well known to Oakland and San Francisco theater-goers, has achieved vaudeville fame on her first appearance. "Billed as Peggy Munroe, Miss Arminge made her bow at the New Brighton theater and made an instantaneous hit. The following day she appeared at the same place, and per tells of the Oakland girl's triumph.

"Out at the New Brighton theater this week Peggy Munroe, a dainty little singing comedienne, made her Eastern vaudeville debut. Peggy came to us from California, unheralded and scored just as easily as some of our own favorites, and she deserves every bit of applause the big Boston audiences gave her. She is clever, original and has an abundance of magnetism, she sings well and her songs are new.

"California, if you have any more like Peggy Munroe, send 'em on!"

RAILROADS TAKE STEP TO RAISE FREIGHT TOLLS

CHICAGO, Aug. 2.—A step by which transcontinental railroads hope to offset the recent reduction in commodity rates to western points ordered by the interstate commerce commission is expected to be taken at a meeting of the traffic and executive officers of transcontinental lines to be held here August 7. The plan comprises the abandonment of the present method of meeting with water competition on the Pacific Coast so far as class rate business is concerned, and a substantial increase in rates.

Since the interstate commerce commission issued its new ruling to the intermountain cases, reducing rates to Spokane and other intermediate points, the roads are said to have been seeking a means of overcoming the loss of revenue caused by the cuts.

Class rates were not involved in the intermountain cases and as they cover only high grade commodities the railroads are said to feel there is no imperative need of meeting competition of the water carriers.

TEN-YEAR-OLD BANDIT TERRORIZES OAK PARK

SACRAMENTO, Aug. 2.—A 10-year-old bandit is creating havoc in the vicinity of Oak Park. The youth held up and robbed, after beating him into insensibility, a young boy near the engine house. He relieved his victim of a purse full of money that had been given him by his mother to make some purchases. Saturday night a bandit answering the description of the one who operated last night, attempted to hold up several grown-up people in the cemetery at Oak Park, but was frightened away. Several other nights the masked youth has been seen. The officers are trying now to round him up.

TURKISH ACCEPTANCE PROVES DISAPPOINTMENT

CETTINJE, Montenegro, Aug. 2.—The hope engendered by the announcement that the Turkish government had accepted the demand preliminary to their surrender was disappointed when the Turkish minister handed the government a draft of twelve conditions differing materially from the original Albanian proposals. This development makes it doubtful that the Montenegrin government will see its way to advising the Albanian refugees to return to their homes.

ENGAGED BY STANFORD. STANFORD UNIVERSITY, Aug. 2.—Prof. Howard L. Smith of the University of Wisconsin will fill partly the places vacated by Professors Hubrick and Eichfeld of the law department, who are taking their sabbatical leave this year.

FAIR COMMISSION PLANS DROPPED

Root Drops Idea and Crocker
Is Wired to See Taft
About It.

WASHINGTON, Aug. 2.—An end was yesterday put to the efforts to get the senate to provide a government commission for the Panama-Pacific Exposition in San Francisco.

Senator Root, after some inquiries, made by himself, became satisfied that the force behind the effort was the desire of several statesmen, at present without employment, to attach themselves to the government pay rolls. One of the gentlemen supposed to be interested in that way arrived here yesterday.

Senator Root discussed the matter with his committee. He also had a talk with Representative Kahn and other Californians, besides talking with people in the state department both about San Francisco and San Diego. The San Diegans want their invitations sent out immediately, but Senator Root convinced his colleagues that it would be well to wait and see what the Exposition company at San Francisco desires done. For that reason the committee decided to postpone action until December.

Even if Heflin persuades the house to take it up and act on his bill, the decision of the senate committee effectively blocks legislation at this session. TO CONFER WITH TAFT. SAN FRANCISCO, Aug. 2.—When the conclusion reached at Washington by Senator Root was learned here yesterday, President C. C. Moore sent a telegraphic message to William H. Crocker in New York asking him to go to Washington to confer with President Taft and the California delegation in congress. Crocker arrived yesterday in New York from Europe, and was staying at the St. Regis hotel. In the telegram sent him he was asked to represent to the president the desire of the Panama-Pacific Exposition company to have the invitation to the foreign nations sent at once by the government and to propose that any consideration concerning the suggested federal commission for the exposition.

The president is authorized to issue these invitations now that the site has been selected.

UPTON SINCLAIR IS SENT TO JAIL

With Nine Other Arden Celebrities
He Will Work Out
Sentence.

WILMINGTON, Del., Aug. 2.—A droll comedy was enacted in the small and ill-ventilated office of magistrate James W. Robertson last evening, when the ten residents of the colony of Socialists and anarchists, who had been arrested by the old blue laws, by playing games on the Sabbath.

The defendants refused to plead guilty and after some testimony by George Brown, the philosopher, who brought the charges, and some attempted theatrical speeches by Upton Sinclair, the author, the magistrate fined the defendants nine dollars and costs. They refused to pay the fine and the entire crowd was bundled off to the county workhouse where they began to break stones. They will refuse to take food.

BLUE LAWS DEFIED.

Sinclair announced that three lawyers told him that they were not violating the law at Arden. Sinclair said he had played golf and tennis at the Wilmington Country club on Sundays; that he had been informed that judges and lawyers, including the prosecutor, had been in the state, played on Sunday at the Country club, and he proposed to inaugurate a campaign against the blue laws of Delaware.

The Sunday sport lovers at the Country club are to be pulled in next Sunday if Sinclair carries out his program. The celebrities that went to prison were, besides Sinclair, Alfred Steele, selling ice cream on Sunday; Hamilton Ware, Don Stephens, son of Frank Steele, founder of the colony; Professor J. H. Carroll of the manual training school at Philadelphia; Berkeley Tobey, Chester Lightbourne and Alexander Dublin.

LIVE MAN IS LEGALLY DEAD

Asks Court to Undo Error
Growing Out of Mistaken
Identity.

SEATTLE, Aug. 2.—Joseph Grey, who was judicially declared to be dead by Judge A. W. Frater December 22, 1910, walked into the county hospital yesterday, denied that he had departed this life and demanded that an attorney who had been appointed administrator of his estate be allowed to resign. Mr. Grey is alive and well, according to his emphatic declaration, and is wondering why he is going to pay for the expense of the administration.

The error came about through the loss a year ago of Mr. Grey's bank book and some legal papers. They were found by a stranger, who died at the county hospital, where he had given the name entered in the bank book as his own. When he died an attorney, learning that there was a man, had himself appointed administrator and was preparing to wind up the affairs of the estate when he found that checks regularly signed were being drawn against the bank account.

In the meantime the real Joseph Grey of Chelan learned that he was judicially dead, and that his estate was in the hands of an administrator and hurried to Seattle to rescue his property.

FIRE BURNS HOUSES.

LATON, Aug. 2.—Fire of unknown cause, originating in the bathroom of W. J. Hodges' home early yesterday morning, destroyed four dwellings. Damage estimated at \$8000, with insurance of \$5000. The homes burned were those of Hodges, John Miller, Dr. McKibbin and the office of T. J. Spike.

Southern Pacific Makes Low Rates to Salt Lake City.

On August 3, 4, 5, round-trip tickets will be sold to above named point for \$40, account Optical Convention, and this rate is open to the public. Round-trip limit thirty days from sale dates. For further information ask Southern Pacific Company, Broadway and Twelfth street, Oakland, or their agents.

Midsummer Clearance of Used Pianos

Today we begin our annual mid-summer clearance of used Pianos. It offers a great opportunity for careful buyers.

Good used Pianos have been pouring in all summer long in exchange for Mason & Hamlin Pianos and the wonderful Angelus Player-Pianos. Every one has been put through our shops and is in first-class condition.

We are putting them on sale today at prices which should clean out the lot within ten days.

Every description of Piano is here; almost every known make. There are Knabes, Ludwigs, A. B. Chase, Conover, Baldwin, Lester, Weber and many others in both grand and upright. The prices are the lowest at which Pianos of such value can possibly be sold. Terms to suit your convenience.

It's a good time to buy and to save money in the buying. It is an unusual opportunity because of the great assortment of good Pianos and the genuineness of the proposition.

Look over the list, select the Pianos and call or phone up. Terms are what you like.

Knabe, genuine Knabe	\$450.00
Vose, beautiful walnut case	\$255.00
Knabe, mahogany case	\$525.00
Knabe, oak case	\$375.00
Ludwig, mahogany case, good as new	\$325.00
Weber, Baby Grand	\$550.00
Baldwin, Concert Grand	\$750.00
A. B. Chase, dull finish case, perfect condition	\$285.00
Lester, grand	\$425.00
Conover, mahogany case	\$425.00
Emerson, mahogany case, like new	\$315.00
Milton, mahogany case	\$210.00
Milton, mahogany case	\$190.00
Smith & Barnes, oak case	\$190.00
Erhardt, mahogany case	\$175.00
Byron Mauzy, mahogany case	\$175.00

every day over 200,000 readers.

High Prices for Inferior Fruit.

Unless there is something radically wrong with the methods of marketing and distribution the producers of fruits and vegetables are reaping a rich harvest. Certainly the retail prices are enormously high and show no signs of declining. Not only are prices very high, but the quality of the fruit and vegetables retailed in this market is far below the average of past years.

It is a common complaint that the fruit displayed for sale in Oakland this year is very inferior. Actually much of the fruit retailed in this city is little better than refuse that would have been fed to hogs a few years ago. The prices asked for this stuff are stunning. If the producers are getting their rightful share they are making money hand over fist. If they are not the middlemen are reaping a harvest at the expense of both producers and consumers.

There is hardly any first-class fruit in the market. The most of it sold here has the appearance of having been culled over. It is admittedly stuff that the canneries and shippers will not take, much of it being wormy and inferior in size. Yet the prices asked for it are exorbitant.

Oakland is surrounded by one of the most prolific fruit-growing regions in the world, a region that produces vast quantities of all kinds of deciduous fruit, and which supplies a great deal of material for the canneries and fresh fruit for shipment to the east. It is not for lack of abundance or quality that the inhabitants of this city cannot get good fruit at reasonable prices. There are great orchards at our very door, but the product is marketed elsewhere. Only that which is unfit to be canned or too inferior to be shipped abroad is retailed here. The condition is an anomalous one, indicating that this market is not only being squeezed, but is used as a dumping ground for the culls rejected by the canners and shippers. Whether the producers get the benefit is a question. If they are not, this town is being victimized by a combination of middlemen who are employing trust methods to control the market and exact extortionate profits.

So far as quality goes, the vegetables sold here are infinitely superior to the fruit, but the prices are higher than ever before. Even the commonest products of the garden and field are sold at almost fabulous prices. There must be something wrong somewhere. Production is close at hand, transportation cheap and the consumption large. But for some unexplained reason prices are being pushed up till every householder is feeling the pinch. Why is it possible to buy Alameda county fruit as cheap in Chicago as in Oakland—fruit of a better quality and more cleanly packed than is obtainable in this city? This anomaly is worth inquiring into. It is due to artificial and not natural causes. Who is getting the rake-off and why?

The Red Mahatma of Edendale rebuking insurgency is an imposing example of indignant virtue. The Hon. Everis Ambrosius Hayes does not turn the other cheek—he turns his coat. He has done this so often that not even an expert can tell the outside from the inside. He was an insurgent till he was not summoned to the conclave that presented La Follette as a Presidential candidate. That neglect showed him the iniquity of insurgency. He is now for Taft and the regular organization. The Red Mahatma has a great facility for getting in wrong, but he is equally facile in getting right. He can tell a prune from the rolling ball of a tumble-bug every time.

Political Progress in Georgia.

Reform is progressing in Georgia under the direction of Hoke Smith. It is not only progressing—it is going ahead with great speed. One of the reforms Hoke Smith has set his heart upon is the disfranchisement of the negroes. He thinks negroes should be deprived of the ballot for two reasons—they vote the Republican ticket and the majority of them are opposed to prohibition. One of Hoke Smith's coadjutors has introduced in the Georgia Assembly a bill that is intended to eliminate the negro as a voter for all time to come. Here is one section of the bill:

"No person shall, however, be entitled to register in this State who is not declared to be of good character and understands the duty and obligations of good citizenship under a republican form of government; and such good character is what is generally termed good character, including such character as they may be trusted by a modest, chaste and virtuous female with a feeling of security to her person, when not attended by an adequate protector, in the dark or in other places of seclusion."

It provides that if the registrar's judgment is questioned by an applicant, the word of two "chaste white women" of good standing before the registrar will be sufficient.

There will always be two "chaste" white women in every precinct to protest against any negro being registered. There will be no trouble about producing women who will say they are afraid to trust themselves unattended in the vicinity of any colored man who may desire to register and vote. Of course the chastity of every white woman will be presumed. No inquiry on that head would be permitted, hence the bill, if it be enacted into law, will practically disfranchise every colored citizen of Georgia. And that is what its author frankly says it is intended to do.

The power of the Mafia in Sicily must be great indeed when a Cardinal of the Roman Catholic Church asks to be transferred to another see on the ground that the dreaded society is making his life a burden. If the report telegraphed from Rome be true, the Mafia have been harassing the Cardinal with demands that he reveal the secrets of the confessional in order to further the operations of the remarkable criminal organization which seems to have Sicilian society by the throat, threatening him if he does not comply with the infamous demands. Naturally the eminent prelate has refused to comply with the demands of the Mafia, but the extraordinary feature of the case is the avowal made by implication that the church is powerless to protect its ministers from the vengeance of organized criminals. The attempt to make the confessional the instrument of blackmail and robbery, with incidental murder, demonstrates the power and audacity of the Mafia society; also the imperial necessity of destroying it and punishing its leaders.

RIDING TO WHAT?

—LOS ANGELES DAILY TIMES.

An Unchanged Prison Reformer.

Chris Evans, who was recently paroled from Folsom State Prison, has been telling a newspaper reporter in Oregon how prisons should be conducted. Evans is of the opinion that convicts are not treated properly; that prison wardens as a rule do not know their business, and that the subordinate officers are either petty grafters or tyrants, or both.

All this is quite refreshing. "Rogue ne'er yet felt halter draw with good opinion of the law." That Evans should presume to instruct the public in regard to the methods and morals of prison management is proof that a grave mistake was made when this hardened murderer and robber was released from confinement. He should have been hanged for his crimes, but a maudlin and illogical public sentiment condoned his robberies and assassinations on the ground that the Southern Pacific Railroad had unjustly treated settlers in the Mussel Slough country. Evans was not one of the settlers and had no grievance against the railroad. But after he was captured and brought to trial he asserted that his indignation at the wrongs inflicted on the Mussel Slough settlers led him to hold up and rob trains and to incidentally murder a poor brakeman, who was not even armed and who offered no resistance to Evans' robber band.

When pursued by officers of the law Evans ambushed and shot them down like wild beasts. He was as cold-blooded a scoundrel as Joaquin Murietta and Vasquez. He has never repented of his crimes—has never even expressed contrition for them.

Yet this blood-stained ruffian, who was allowed to escape the gallows, was paroled from prison when many men who had committed offenses that were trifling and venial compared to the atrocities perpetrated by him were denied release on the same terms. Now he presumes to advise the public in regard to the treatment of criminals and the management of prisons. That he did not receive his deserts is quite certain. Justice suffered when he escaped the gallows. It was outraged when he was released from prison. The old wretch poses as a hero among a certain class of people and is actually making merchandise of his criminal achievements. He makes a show of himself and advertises his misdeeds, abusing the clemency shown him by conduct that incites young men of weak minds and criminal instincts to emulate his deeds of plunder and bloodshed.

The vote on the Canadian reciprocity bill emphasized the fact that there is no longer a coherent Republican majority in the Senate. It was further emphasized by the vote on the wool bill, and now it has again been emphasized by the vote on the farmers' free list bill. The Republicans do not even have a coherent party organization in the Senate. A majority of the Senators call themselves Republicans, but they cannot agree upon any line of policy—they have been unable to agree upon a president pro tem. Every time the roll is called the Democrats are found standing substantially together, while the Republicans are hopelessly split. Hence the Democratic minority dictates whatever legislation is enacted. It is an extraordinary situation that has arisen because a minority faction of the Republican party is determined to ruin the Republican party unless it is permitted to run it. The members of this faction are seeking to discredit the Republican administration in every possible way, apparently preferring the election of a Democrat to the re-election of Taft. The situation puts in imminent danger the protective tariff which is so essential to the prosperity of many of California's leading industries.

Chester H. Rowell's judgment may be faulty in some matters, but he certainly knows a good newspaper when he sees one and he is frank enough to tell the truth about what he sees. Mr. Rowell says THE TRIBUNE is one of the best and most successful newspapers in California, which is a fact that the Fresno editor was under no obligations to state. But he was lecturing on journalism to a class in the summer school at Berkeley and felt constrained to point to the nearest example of successful newspaper-making. Praise from Sir Hubert is praise indeed.

World Movement

With England and France both signing arbitration treaties with this country, we are drawing within measurable distance to a peace status the world over. With three great nations thus bound, others must necessarily come in and inevitably, in course of time, the compact will embrace all the nations of the civilized world.

There is the essence of common sense back of the movement. In the past there have been wars in which treasure and money have been sacrificed without the least justification from any standpoint. In nearly every case the common people have been sacrificed so that the higher-ups might get higher, the rich richer and the ambitious realize greater ambitions. Rarely has justice or equity ever entered into consideration. As the world moves in the direction of democracy, and the interests of the average man begin to get paramount, he, as the sufferer, is bringing stronger and stronger pressure to bear upon governments for the abrogation of wars except under conditions of the direst stress.

The common sense of the world has likewise been appealed to. Not alone the frightful waste of war but the lowering of moral standards that follows it has had its appeal to the consciences of thinking men the world over. The movement in the direction of common sense in these matters as well as others has gained a great impetus in recent years. A good beginning was made possible when the time came that the British-Japanese treaty could be modified. When the clause was eliminated making it necessary for either of the signatory powers to aid the other in the event that more than one nation attacked it, the way was clear for Great Britain to enter into an arbitration agreement with the United States. So far as France was concerned, the way was then very easy. It is said that three other European nations are now ready to enter the same compact. A movement thus started will necessarily sweep the world. Its consequences are so great and far-reaching that no one can measure them. They assuredly mark the beginning of a new era in the great forward movement of the ages and an epoch in the advancement of the human race.—Portland Telegram.

Bachelor Musings

The people who never marry are not the only ones who have been disappointed in love.

A full head of hair adorns many an empty pate.

Our idea of a true friend is one who will listen to your talk when you don't say anything.

A man can be much prouder of his wife for her good-looking clothes than for her noble character.

The price of umbrellas seldom fluctuates, in spite of the fact that they always go up when it rains.

An old fox learned most of his wisdom out of the foolishness of his youth, but folk aren't fools.

A woman who has no opinion of her own when she was engaged has all the more after she is married.

The love of money is said to be the root of all evil—and the poorer the soil the better it seems to thrive.

In spite of the fact that matches are supposed to be made in heaven some of them are tipped with brimstone.

ARE AMERICANS ANGLO-SAXON?

Historians and ethnologists are agreed that none of the several invasions of England ever displaced the existing population, but that the newcomers coalesced with the people whom they had conquered by force of arms.

The fallacy of the whole objection to "Anglo-Saxon" as a generic descriptive term lies in confounding Anglo-Saxons and Germans as of radically different race. The Teutonic peoples who began the invasion of Britain in the fifth century were Angles, from Angel-land; Frisians, Saxons and Jutes, from Jutland. In the ninth and tenth centuries Britain was harassed by invading Danes, who spoke various Scandinavian dialects of Anglo-Saxon and gained the upper hand. Then came the Norman invasion, the Normans being a race of Danish origin, who had settled in Normandy, so that they were of close kinship in blood to all the earlier invaders of England. The result of amalgamation through the various invasions was a composite people of pure Teutonic origin, who absorbed the Celtic element which occupied Britain exclusively up to about the year 450 A. D.

Though the term Anglo-Saxon may be open to such criticism as that of Freeman, who thought it inaccurate, its meaning as applied to the British branch of the Germanic peoples as well

understood. The Norman speech was conquered by the native dialect, a development of Anglo-Saxon. The modern English tongue has gradually developed from the Anglo-Saxon by enriching itself through adoption of words from every known language. Anglo-Saxon institutions were fostered and eventually carried to America, by the pioneer colonists. We are living under them today, just as we are speaking the English language. The Irish people are likewise a composite race, with an appreciable Teutonic element in consequence of the Danish and Norse invasions. In the north of Ireland Anglo-Saxon was the prevailing dialect before it was generally spoken in England.

It is estimated that the British and Irish combined have contributed about 30,000,000 to the population of the United States. American institutions are of direct Anglo-Saxon derivation.

Our speech is English for at least nine-tenths of the people. English and Germans are alike of Teutonic ancestry, but the German speech in America has gone down before English. By virtue of speech and institutions, as well as by reason of blood and ancestry and the absorption of other elements of the population, the Americans are Anglo-Saxon in the broadest sense.—Philadelphia Press.

FATHER OF VOLAPUK

The name of Johann Martin Schleyer, who has just died at Constance at the age of 80, is now known to but a few persons outside the number directly concerned in his work. This German pastor was the inventor of Volapuk, which was once put forward with some plausible chances of success as an international language.

Schleyer's system of universal speech was introduced to the world in 1879. It was formed on the basis of similar artificial languages, which seek to exclude all elements not universal. The sounds in Volapuk are expressed by twenty-seven letters, which, generally speaking, are to be used in their Latin, Italian, or German values. Words are formed from the European languages. The noun in Volapuk is in the root of the word, divested of all sounds excluded by the rules of the new tongue. In its final effect this artificial speech was rather a meager medium of expression, practically incapable of any special vocabulary. So changed by its processes and rules were the roots of the words taken from various tongues that they were scarcely recognizable, and had to be learned by memory.

These disadvantages of the invention did not, however, prevent it from finding supporters in Europe and this country. International congresses were held, an academy with directors was formed to govern the propagation of the language, and a formal machinery for the develop-

ment of Pastor Schleyer's world speech was organized. The usual disagreement arose, however, among the directors, to be followed by indifference; and its inventor lived to see Volapuk not only fail to achieve the purpose for which it was intended, but even cease to be a subject of interest any longer to the specialists who once had considered it so important.

So Volapuk went to share the oblivion of other artificial languages. Just as Volapuk succeeded other experiments in the same field, there has been a successor to it. Back of these efforts lies a deep and perhaps a permanent impulse, for they are looking toward the fulfillment of the ideal of the brotherhood of man, an aim that will undoubtedly add more made languages to those that have already been tried and found wanting.—New York Sun.

MAKES FAST PLAY.

Cranak—Yes, that great baseball player was married last week.

Fan—So? Any change in him?
Crank—Not a bit! He is running and sliding for home more than ever.—Judge's Library.

A pretty girl makes a fool of a man by appearing to give him a chance to make a fool of her.—New York Press.

When poverty crawls in at the skylight love hides in the cellar.

20 YEARS AGO IN OAKLAND

Great changes are pending at the First National bank, which is one of the city's solid financial institutions. V. D. Moody, the president, is about to retire as head of the institution, and Arthur D. Thomson, the energetic cashier, is about to take his place. Moody has been at the head of the bank for the last fifteen years and has been largely instrumental in bringing the bank to its present condition of prosperity.

A certificate has been filed in the office of the county clerk showing the directors of the Ladies' Relief Society to be as follows: Mrs. R. G. Brown, Miss E. L. Blake, Mrs. Jessie Campbell, Mrs. C. C. Clay, Mrs. L. E. Dam, Miss M. Keene, Mrs. E. G. Matthews, Mrs. J. E. McElrath, Mrs. J. Maury, Mrs. G. P. Morrow, Miss A. E. Miner, Mrs. N. P. Perline, Mrs. J. L. N. Shepard, Mrs. O. L. Shafer and Mrs. E. C. Williams.

Abel W. Baker Jr. and George W. Tichenor have formed a co-partnership and will conduct business in Oakland under the firm name of the "Distilled Soda Water Company."

There is some talk of adopting safety

bicycles in the postoffice department for the use of carriers who have long routes.

The following have been elected delegates from the First Methodist church, Oakland, to the Methodist Lay Association of the California annual conference, to be held in Pacific Grove: E. W. Playter, M. T. Holcomb, C. W. Kinsey, E. S. Finch, Mrs. E. S. Finch, Miss Joetta Evans, Dr. and Mrs. J. M. Hinkle, Dr. L. E. Kelley, Dr. W. F. Lewis, O. E. Smith, Dr. R. T. Stratton, W. A. Wastell, O. J. Backus, P. V. Chamberlain, Miss Margaret Wythe, Miss M. E. Heator, George Stone and Mrs. W. F. Lewis.

City Assessor R. W. Snow has notified the city council of the appointment of W. J. Patterson and S. P. Babcock as deputies.

The high jinks of the California Camera Club were held last night in their rooms in the Academy of Science building. The Corinthian Yacht Club and the Oakland Canoe Club were guests and William West, James H. Johnson, Dr. Siebert, George H. Borneman, H. B. Hosmer, William Rennie, Adolph Schwerdt and T. P. Andrews participated in the festivities.

LATEST NEWS FROM OUTSIDE TOWNS

YOUTHS ARRESTED
ON ARSON CHARGE

Oakland and Santa Rosa Boys
Accused of Burn-
ing Hay.

CONCORD, Aug. 2.—Arthur Matheson of Oakland, twenty years old, and John Metcalf of Santa Rosa, also twenty, have been arrested near here on a charge of arson by Constable John Ott.

The two youths are charged with having set fire to a stack of 800 tons of hay in the fields of J. M. Biera. The youths are known to have slept in the stack the night before, but deny any knowledge of the fire. Both claim to be on a tramping expedition across the continent. Metcalf and Matheson have been taken to the county jail at Martinez, where they are being held pending their appearance before the local justice of the peace.

Richmond News

RICHMOND, Aug. 2.—Miss Virginia Griffin, who has been spending a month with her uncle and aunt in Livermore, returned to this city yesterday.

D. J. Nevils and family of Lansing, Mich., are visiting at the home of Mrs. John Bouquet, in the East Richmond tract. Nevils expects to locate in this city.

The Retail Clerks' Union, No. 1179, will hold an installation of officers at their headquarters in Fraternal hall, to night at 8 o'clock. The installation will conclude with a banquet.

Frank Lincoln of Chicago was in this city looking over his interests early this week.

Miss Mary Keene of San Francisco is spending a few days with Miss Francis Murphy of this city.

The Rebekahs met last night in A. O. U. W. hall. After the meeting a light banquet was served. The members spent the remainder of the evening in dancing.

G. L. Messerle entertained yesterday two old Bureka friends in the persons of P. M. Canopy and G. J. Moore.

The members of the Club Mendocino will assemble this afternoon at the home of Mrs. S. F. Jenkins, on Summit Place. This will be the first meeting of the year and an excellent program has been prepared.

J. B. Baldwin returned yesterday from his vacation which was spent in the southern part of the state. On his trip he visited the new Standard Oil plant at El Segundo, where two former Richmond men, J. P. Faber and Tom Summers, are located, the former as superintendent and the latter as manager.

Charles Cantwell, formerly of Oakland, has come to this city to enter business here.

SCENIC AVENUE GRADE
DISCUSSED BY COUNCIL

RICHMOND, Aug. 2.—The city council held a special meeting last night to discuss the scenic avenue grade. The matter of the scenic avenue grade was discussed, and finally referred to the committee on the scenic avenue grade. The committee will make a report on the subject Monday night. The scenic avenue grade was also discussed and the committee will make a report on the subject Monday night.

CONTRA COSTA EAGLES
TO PLAN FOR SESSION

MARTINEZ, Aug. 2.—The Eagles of Contra Costa county have arranged a meeting to be held here this coming Sunday, when preparations will be made for the coming convention of the grand lodge in San Francisco. The Contra Costa Eagles are preparing to contribute no less than 10,000 gallons of the best wine the county produces for the entertainment of the delegates. Already 2000 gallons of this has been provided. In addition a large amount of fruit will be furnished by the local ladies. The Contra Costans will select special headquarters in San Francisco during the convention.

Practical Home Helps

Indigestion, Bowel Trouble,
Dysentery and Diarrhoea.

Put a nicely browned piece of toast in a small bowl of cold water and let it stand about an hour. To a glass of the strained toast water, add a tablespoonful of Duffy's pure malt whiskey. If desired a little fruit syrup may be added for flavoring.

This remedy has been used with excellent results and is very highly recommended by Dr. E. T. Hewson of Detroit, Mich., who says: "I saved me from a threatened collapse when nothing else had any effect."

A Good Sewing Machine for \$5.00

Not many at this price, but what we have are good, practical second-hand machines capable of turning out perfectly satisfactory work.

Come and see them—they are not likely to be here long.

E. L. Sargeant
531 TWELFTH STREET,
Near Clay.

RICHMOND'S NEW POSTOFFICE
BUILDING IS TO BE MODERN

The Richmond Postoffice as it will appear when completed.

RICHMOND, Aug. 2.—The design for Richmond's handsome new postoffice building has been completed, and the architects, Thomas D. Newsom and Son of Oakland, are receiving much praise for the artistic work done. Bids for the construction of the new building, have been advertised for, and will be opened Friday evening, so that the work of building the new structure will be rushed as rapidly as is possible with the best results.

The building as planned for the present will be one story in height. The design, however, will permit of the addition of another story when it is needed. The building has a frontage of twenty-five feet with a depth of 100 feet, and will be constructed of white terra cotta, brick and concrete. The front of the building will be of terra cotta, fool dressed, while the side walls will be of the concrete and brick. The front shows an excellent arrangement of horizontal sky line ornamented with facades and pillars in pleasing design. The entrance will be a double one in the south half of the building, which will open into a wide public lobby.

PANELS IN LOBBY.
In the lobby the walls will be paneled to a height of six feet, as will also all the other rooms of the building, while the floors will be of mosaic tile. The lobby extends back for some thirty feet to a point where it narrows to allow a wide general delivery window at an angle. The postmaster's office will occupy the north front corner and will be about twelve feet square.

A large finance department is next at the rear of this office with three windows open to the lobby and arranged for money orders, postal orders and registered matter.

Floors of lock boxes and drawers extend back from this room for some forty feet, allowing room for 500 boxes. Still farther to the rear is the large work room for sorting and handling mail of all kinds. The lobby and large rooms will be lighted by large skylights in the roof of the block.

OAK WOODWORK.
All the furniture and woodwork in the building will be of glass-grained oak, while the lighting fixtures, and the entire office equipment will be of the most modern description.

The rapid completion of the project for the construction of the block is due to the energy of some of the city's most prominent citizens who organized as the Richmond Postoffice Association only a few weeks ago. C. J. Rihn is president of his association and M. J. Kelly secretary, and through their efforts and the association's this work has been accomplished.

The postoffice building which will be second to none of its size in the state.

URGES RICHMOND
TO HARBOR WORK

English Visitor Tells of Vast
Improvements Being-Made
at Bristol.

RICHMOND, Aug. 2.—The importance of harbor improvement was the topic of E. Mahoning Lewis of Bristol, England, who last night spoke to the members of the city council and a group of the city's prominent men in the office of the city clerk previous to the council meeting.

Lewis urged work for the development of the harbor facilities and pointed out the magnitude of the work done in Bristol, where \$35,000,000 is being spent in preparation for the opening of the Panama canal.

Among those present who heard him were Manager L. D. Dinn of the Standard Oil Company, W. H. M. Martin, H. W. McLaughlin, H. C. Cutting, H. F. Brown, Judge Roth, J. F. Brooks, R. A. Hunt-jinger and the city councilmen.

PLEASANTON NEWS

PLEASANTON, Aug. 2.—Dan Fallon of Lathrop is visiting here.

Daniel Fehan of San Francisco, spent Saturday and Sunday with his mother, Mrs. Ellen Fehan.

Miss Margaret Donahue has returned to San Francisco after spending the week-end with W. H. Martin and wife.

Dr. Boucher has returned to his home in Los Angeles after spending a few days in town.

Emily Green of Oakland is a guest at the Donahue home for a few days.

Alfred Harms and wife of San Francisco were guests of Mrs. M. F. Harms, Sunday.

Miss Gladys of Oakland was in town the week-end spending it with her parents, S. C. Dayville and wife.

Miss Alice Heller has returned to Roosevelt Hospital in Oakland, after spending a few days with her parents, Edward M. Heller and wife.

Thomas Green of Dublin spent Sunday with relatives in town.

Henry Chadbourne and wife of Santa Clara moved to town Sunday.

Spent the day at the Chadbourne home near town Schween and family and Miss Anita Sanders were in Irvington Sunday.

Miss Emma Powell of Irvington, Miss Matilda Brady and Miss Maybelle De Nike of San Jose, and Miss Lillian Jones of Levent, have returned to the local school department, have returned to town after spending the summer at various resorts.

Miss Lina and Pearl Vanderroot of Hayward were in town Friday.

Fritz Hoejle, wife and two children of Alvarado, spent Sunday with friends here.

Warren Betchel and three sons of Oakland spent Sunday in town visiting friends.

Miss Kathleen Donahue has returned from a month's visit with relatives in Oakland and San Francisco.

Leander Green of Dublin spent Sunday with relatives in Hayward.

FUNERAL OF ASHLAND

MAN HELD AT HAYWARD

HAYWARD, Aug. 2.—The funeral services over the remains of William P. Lambert, who died last Sunday at his home in Ashland, took place here today in the presence of relatives. The remains were cremated in Oakland. Besides his widow, Mrs. Margaret Lambert, the deceased is survived by two daughters, Stella A. and Mrs. Albert Mollison. Death was caused by the bursting of a blood vessel.

ATTACK LIKE TIGERS.
In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast that the little fighters are overcome. Then sea pimple, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Buchanan of Tracy, Cal. "I have ever found." They make rich, red blood, strengthen nerves and build up your health. Try them. 50c at Orsmond Bros.

FOREMAN OF QUARRY

IS CRUSHED BY CARS

RICHMOND, Aug. 2.—H. C. Biggs, superintendent of the San Pablo quarry, near the Standard Oil works, was injured yesterday morning by being caught between two gravel cars.

Howard Kimball of Martinez was a local visitor Sunday. He came up to look after his fruit interests in this section.

Miss Robinson, foreman in the sugar mill for the last ten years, has left and will make his future home at Mt. Eden.

RAYMOND N. G. C. TO GO INTO CAMP

Militia Sharpshooters Will Try
Eye and Hand at
Targets.

HAYWARD, Aug. 2.—Arrangements are being made by the local company of the National Guard for a two-day encampment next Saturday and Sunday at the range of short distance from here. The men will gather at the armory prior to leaving for the camping ground.

One of the improvements which will be tested by Company H during target practice will be the new field telephone which is now being installed at the range. The system will save those shooting running back and forth from the lines to the pits, as has been necessary heretofore.

It was announced today that Private Ray Graham has been promoted to the rank of corporal in the local company. Graham is considered one of the crack shots of his company.

Company B, Signal Corps of the Fifth Infantry, held a shoot on the local range Sunday, the men being under the command of Lieutenant Smith.

BRICK COMPANY SEEKS
LARGE TRACT OF LAND

MARTINEZ, Aug. 2.—Officials of the Niles Brick company are now carrying on negotiations for a large tract of land near the little station of Glen Frazee, on the line of the Santa Fe road, about four miles west of Martinez. It is understood that the corporation contemplates the Monday night on advice of the local at that point.

DISCUSS CHINESE LOANS.
LONDON, Aug. 2.—The international conference to discuss Chinese finances, particularly questions arising in regard to the recent Chinese loan and the prospect of placing the empire on a gold basis, began today. The American, British, German and French syndicates participating in the loan are represented.

San Jose, Aug. 2.—The Santa Fe road is to make extensive improvements in its yards here. This was the news given out yesterday following the visit here of several prominent railroad officials, including, it is said, the general superintendent of the road and the division superintendent. These improvements will include the enlargement of both the shops and trackage, and the removal of the Santa Fe depot from its present site to make room for the yard.

The enlargement of the shops is for the purpose, it is understood, of caring for all the heavy repairing and overhauling of all the engines and running stock between San Francisco and Oakland.

The shops will be made longer and wider; several new machines will be installed and several more stalls will be added to the roundhouse, which is proving inadequate to meet the demands for engine room.

Steps will also be taken immediately to get the city to accept Ashland avenue so the company can move the depot and reading-room nearer town. The depot will be located on the right-hand side of Macdonald avenue, between its present site and Ashland avenue. A large garden will surround the station, which will be one of the most modern depots around the bay.

The reading-room will be located on the left-hand side of Macdonald avenue, opposite the depot, and will enable those having to wait for a train to while away the time in the reading-room.

A new track will be laid for the main line, which will pass directly in front of the new depot, while the old main line will be used as yard trackage. New tracks will be laid where the present depot is now located.

It is understood that the entire system will be double-tracked before 1915, so as to accommodate the great rush expected at the fair.

WORK BEGINS ON
CARNIVAL GROUNDS

Electric Arch to Be Erected as
Feature of Elmhurst
Festival.

ELMHURST, Aug. 2.—Work on the carnival grounds and midway was started this morning on a large vacant tract on the north side of East Fourteenth street, between Ninety-fifth and Ninety-sixth avenue. The lot is being leveled off and the electric arch which will be erected, leading to the fair grounds, is being cleared. Construction work will commence within a few days. Those on the committee in charge of the work are E. Dawson, H. Hogan and Emma E. Linger. The carnival will be inaugurated August 17 to last three days.

The last meeting of the arrangements committee it was definitely announced that the machines and sailors from Goat Island will take part in the grand parade scheduled for the 19th.

BABY CONTEST OPENS.
The baby contest, which is to be a feature of the carnival, opened yesterday for entries. The babies will be in three classes, as follows: Class A—from six months to one year; class B—from one to two years; class C—from two to three years.

The contest will be conducted on the 18th and 19th inst. at the Radnor hall. The prizes will be of a substantial nature.

Miss Norton is still in the lead of the queen contest, with 5995 votes in her favor, while her nearest competitor, Miss Gertrude Oliveira, has 5620 in her support. Miss Mayme O'Brien is running third, now having 4915 votes registered.

HAYWARD PERSONALS
HAYWARD, Aug. 2.—Jacob Thorup went to Salinas Monday to join his family.

Miss Genevieve and Helga Nielson have returned home from their vacation.

Miss Harriet Rice is spending the month of August in Lake county.

Mrs. E. D. George and children have returned from their eastern visit.

Mrs. George Park and son and daughter spent the week-end in San Jose.

Jack Neudeck, who is confined to his home with a severe attack of rheumatism.

Miss Helen Kilgore has accepted a position with the Hayward bakery as book-keeper.

J. H. Slater and wife and John Bushaw of Oakland spent Sunday in Hayward.

W. W. Hirsch took a large number of prizes at the chicken show at Santa Cruz.

Peter Anderson has returned from Stockton where he has been spending the summer.

William Hadley has entered the employ of the Hellwig-Le Grange Meat company.

John Correria, a former Hayward boy, is now a resident of San Jose.

Dr. E. G. Reynolds has returned from his vacation. Mrs. Reynolds will remain another week.

Mr. and Mrs. William Angus and family have returned home from their vacation at Inverness.

H. W. Holmes and wife and son spent the week-end at Santa Cruz, returning on Monday evening.

Helene Powell is spending a few weeks with her aunt, Mrs. S. C. Sanders of San Francisco.

A. B. Morris, a representative of the Fulmar Car company of Richmond, was a local visitor Sunday.

Dr. John Gamble and daughters returned home Thursday from a very pleasant outing at Russian River.

A laborer on a farm at Jersey Island, of the theft of \$380 which George had concealed for safety in an oyster can, a grain bin on the farm. Gose sought the can to deposit some money in it yesterday morning, and found it missing. He thinks the thief took his private treasury Monday night. The sum stolen represents Gose's savings for many years.

MARTINEZ, Aug. 2.—The sheriff's office has been notified by Joseph Gose, a laborer on a farm at Jersey Island, of the theft of \$380 which Gose had concealed for safety in an oyster can, a grain bin on the farm. Gose sought the can to deposit some money in it yesterday morning, and found it missing. He thinks the thief took his private treasury Monday night. The sum stolen represents Gose's savings for many years.

HAYWARD PERSONALS

HAY

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

A non today was solemnized the marriage of Miss Adele Ehrenberg of Alameda and Frank J. Macomber, both of whom are prominent in social circles. The bride is the beautiful daughter of Mr. and Mrs. Isaac Ehrenberg, one of the best-known families of Alameda. Young Macomber is from Los Angeles and comes of a prominent family of that city.

Rev. William Day Simonds read the marriage service before the family and intimate friends of the young people. The hospitable Ehrenberg home was beautifully decked in an artistic arrangement of yellow corals with a profusion of greens.

The bride wore a simple tailor suit of white. After an elaborate wedding breakfast the couple left on a trip, after which they will make their home in Lewis, Ia.

The bride attended a fashionable school in the East, then entered Stanford University, graduating with the class of 1911. She is an Alpha Omicron Pi and has taken an active part in social and college activities and has been given a series of smart affairs by fashionable folk in the Bay city.

Macomber attended the university when Mrs. Macomber did, and the marriage is the outcome of a college romance.

WEDDING TONIGHT.

Miss Olive Vosvinkle, becomes Mrs. John James McLellan tonight at the Berkeley home of the bride's parents, Mr. and Mrs. D. C. Vosvinkle. The house will be in pink tiger lilies, sweet peas and gladioli.

The bride gown will be white crepe satin with an overdress of white marquisette, embroidered in pearls and made with insertion of duchess lace in the bodice and with a court train. The bride bouquet will be of lilies of the valley and orchids. The maid of honor, Miss Lois Vosvinkle, will wear white crepe marquisette, embroidered in crystals, and will carry an armful of tiger lilies. The bridesmaids, Miss Mary Downey, Miss Maryjane Cogan and Miss Margaret Burwell of Seattle, will wear pink crepe-melior, made with the long train effect, and will carry baskets of pink Cecil Bruner roses.

The best man will be Leslie Hubbard of Los Angeles. Rev. Father F. X. Morrison of St. Joseph's church will read the marriage service before six invited guests.

Mrs. Vosvinkle will be crowned in gray embroidered charmeuse. After the honeymoon the young couple will make their home in Berkeley.

The bride is a former university girl and a member of the Kappa Kappa Gamma sorority. McLellan is a Delta Upsilon man. Both young people are well-known in Berkeley and this city, and will make their home in the former city to the delight of their friends.

GUEST AT WEDDING.

Miss Ruth Tisdale, who returned a day or two ago from a visit with her sister, Mrs. Edward Leighton Varney, is guest today at the wedding of Miss Adele Ehrenberg.

MRS. COHN'S RECEPTION.

More than 300 guests attended the delightful reception given yesterday afternoon by Mrs. Gus Cohn at the home of Mr. and Mrs. Morris Schneider. The affair was beautifully appointed. Mrs. Cohn and the guest of honor, David Alberto (Albert D. Cohn) received their friends in the drawing-room, which was decorated in an artistic arrangement of pink asters, which harmonized with the furnishings of the room.

Mrs. Cohn looked very handsome in a black satin gown, elaborately embroidered.

The dining-room was decked in red sweet peas.

Mr. Alberto will sail for Europe to resume his play studies with the famous Leschetzky after giving a number of concerts in the West. He is said by competent critics to be remarkably talented.

Some very effective gowns were displayed.

GRANDMOTHER'S BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved With a Harmless Remedy Made From Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp itching, and irritations, called "Vere's Sage and Sulphur Hair Remedy."

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by the Owl Drug Co., 13th and Broadway, 10th and Washington and 16th and San Pablo.

MRS. DAN BELDEN (left), a popular matron of the local smart set, and MISS RUTH TISDALE, who was a guest today at Miss Adele Ehrenberg's wedding.

played yesterday. Miss Sarah Kohn, on the receiving committee, wore pale pink chiffon with gold trimmings.

Miss Miriam Eliaser wore white chiffon, exquisitely fashioned. Miss Mabel Reigelman looked charming in white silk, made with edgings of lavender.

Miss Belle and Miss Gertrude Jacobs were gowned in gray broadcloth.

Miss Lillian Samuels also wore an effective frock.

The reception hours were from 3 to 6.

RETURN OF SCOOLES.

Mr. and Mrs. A. L. Scooley and little daughter, Barbara, and Miss Florence Bouve have returned to their home in Berkeley after spending several weeks at Boulder Creek, in the Santa Cruz mountains.

BACK FROM EASTERN TOUR.

Miss Margaret, Miss Sue and Miss Jane Becker are home after an extended Eastern trip. They came home in detail, and will take place at the picturesque Hillside clubhouse at Cedar and Arch streets, Berkeley. Over 100 guests are bidden to witness the pretty ceremony. Miss Herta Blackbourn is to be the maid of honor, and the two bridesmaids will be Miss Ruth Rutherford and Miss Alice Borel. Miss Margaret Mueller is to be maid of honor, and Ray White will serve as best man. The clubhouse is to be elaborately decorated with a color scheme of green and white.

AUGUST WEDDING.

Miss Augusta Mueller has decided upon August 16 as the date of her marriage to Leslie D. Robinson of Lakeland. The affair is to be elaborate in detail, and will take place at the picturesque Hillside clubhouse at Cedar and Arch streets, Berkeley. Over 100 guests are bidden to witness the pretty ceremony. Miss Herta Blackbourn is to be the maid of honor, and the two bridesmaids will be Miss Ruth Rutherford and Miss Alice Borel. Miss Margaret Mueller is to be maid of honor, and Ray White will serve as best man. The clubhouse is to be elaborately decorated with a color scheme of green and white.

WEDDED LAST NIGHT.

Several hundred guests thronged St. John's Presbyterian church last night to witness the Ocheltree-Avery wedding.

Lieutenant Avery and Mrs. Avery will go directly to Fortress Monroe, Va., where the young army officer has been transferred from Fort McKinley, Me.

Miss Ruth Tisdale belongs to a Manchester, N. H., family. He was graduated from West Point. His bride is the daughter of Mr. and Mrs. G. B. Ocheltree of Berkeley. After finishing a course in Miss Head's seminary she attended the University of California, where she was prominent in affairs of the Alpha Phi sorority. A few months ago she returned from Boston, where she was a student in Simmons's college.

AT SANTA BARBARA.

Mr. and Mrs. Charles Tripler Hutchinson and Mr. and Mrs. Charles R. Allen will spend the midsummer at Santa Barbara.

COMPLIMENTARY AFTERNOON.

Miss Phoebe Smith will give an afternoon at her Vernon Heights home Monday, August 10, in honor of Mrs. Louise Sherbano of St. Paul, Minn. The complimentary guest has been visiting her sister, Mrs. James Naismith, of Walsworth avenue.

WELCOMED HOME.

Mrs. Almira Lackey and Miss Ida Lackey are being welcomed home after an absence of nearly two months. Mrs. Lackey and Miss Lackey visited friends in Sacramento, Napa and San Jose before concluding their summer's outing near Los Gatos. Mrs. Almira Lackey, an elder daughter of Mrs. Lackey, whose home is in Porterville, left today for a sojourn in Santa Cruz. With Miss Marie Brey and Miss Alberta Brey, she has been spending the midsummer in Oakland.

HUGHES CLUB.

The Hughes Club will resume rehearsals at the new club headquarters, Loring Hall, Eleven street, on Friday afternoon, August 4, at 2:30 o'clock. All the members are expected to be out in full force, as preparations for a coming concert will be commenced.

MISS LAMBERT MARRIED.

Miss Laura Lambert, youngest daughter of Mrs. C. M. Lambert, was married last night at a quiet ceremony in the First Presbyterian church to Dr. S. B. Fontaine, a dentist of this city.

Rev. Dr. F. L. Goodspeed read the marriage service before the families and a few close friends.

The bride is a graduate of the Oakland high school and is gifted musically. The couple will spend their honeymoon at Skagg's Springs, and a pretty new home here is awaiting them in this city upon their return.

LONDON AGOG SOCIALLY.

LONDON.—So far as the social season is concerned, it by no means has been so brilliant, either as expected or as described by loyally enthusiastic society writers. Great ladies, of course, have done their duty and some of the entertainments such as those at Devonshire house on Derby day, at Derby house, the Stafford house ball given in honor of the German crown prince and princess by the Duchess of Sutherland, and the ball at Grosvenor house given by the Duchess of Westminster for the visiting royals, which last, by the way, was generally pronounced the gayest affair of the season, have been on a scale of magnificent splendor. Still the general verdict is that the season did not come up to expectations.

The present week was marked by only two entertainments on any considerable scale, one being the ball given by the Duchess of Portland at Grosvenor square and the other Mrs. William Leeds' party at the house at 16 Grosvenor street which

BARRED FROM DAUGHTER'S CELL.

ST. LOUIS.—Mrs. Dora Smith, 1231 Olive street, whose daughter is serving twenty-six days in the county jail at Clayton, in preference to paying \$25 fine for attacking a woman neighbor, fell on her knees on the jail lawn Friday morning and declared before God she did not put a ten-inch gasp in the basket of food she sent to her daughter Thursday night.

Mrs. Smith a few minutes before had been denied admittance to the jail to see her daughter. Mrs. Ethel Mark of 7320 Ethel avenue, "You secreted a place of gasp in that basket, and you cannot come into the jail," declared Mrs. John Grueninger, Jr., wife of the sheriff of St. Louis county. "I swear I didn't put it there," screamed Mrs. Smith. "I bought the pipe down town to fix up one of the rooms at home. Mrs. Mark's son, Benjamin, 3 years old, was playing with it on the street car and must have dropped it in the basket of food."

While her mother was kneeling on the lawn Mrs. Mark perceiving her from a second-story cell, advised her mother

ing a course in Miss Head's seminary she attended the University of California, where she was prominent in affairs of the Alpha Phi sorority. A few months ago she returned from Boston, where she was a student in Simmons's college.

AT SANTA BARBARA.

Mr. and Mrs. Charles Tripler Hutchinson and Mr. and Mrs. Charles R. Allen will spend the midsummer at Santa Barbara.

COMPLIMENTARY AFTERNOON.

Miss Phoebe Smith will give an afternoon at her Vernon Heights home Monday, August 10, in honor of Mrs. Louise Sherbano of St. Paul, Minn. The complimentary guest has been visiting her sister, Mrs. James Naismith, of Walsworth avenue.

Women Mob Editor.

DANVILLE, Ill., Aug. 2.—Frank H. Guthrie, editor of the Record, published at Westville, was mobbed by women yesterday, who were enraged over references made to them and their daughters in his paper.

After the editor's spectacles had been smashed, he drew a revolver, and by threatening to shoot, escaped to the home of a friend, whence he demanded protection from the sheriff.

He was escorted to this city by deputies.

He swore out riot warrants for several women, but on advice of the state's attorney, he remained in Danville last night, a more serious demonstration being feared if he returned home.

Guthrie's daughter and escort were recently arrested, charged with loitering. They spent a short time in jail.

The editor retaliated by attacking the

CAN you keep still, mentally and physically? Try it once. You will not find it so easy. Sit down in an easy chair and drop all work. Relax, keep perfectly quiet, and "dust" out your brain. You are not still if your eyes are blinking, your jaws working, or your feet and hands nervously twitching.

Watch yourself and see how many useless muscles you keep in motion and how tensely drawn are your nerves.

Did you ever notice how many women sew with their mouths as well as their fingers?

The next time you go into a room filled with people, just count the women who are sitting quietly with their hands in their laps. Most of them will be gesticulating wildly, and those who are not talking will be tapping their feet impatiently or fussing with their hair or hat, or perhaps dangling chains or rattling bracelets.

Do not allow yourself a motion or gesture that does not mean something.

Do not wriggle in your chair, grit your teeth or clench your hands, for every time you do you are using up some nervous energy that can be expended to much better purpose.

Do not say: "I am so nervous I cannot keep still." Train yourself to steady your nerves. Hurry if you must, but try to make "hurry" the necessary exception—not the rule. Absolute repose is always beautiful. Tense muscles mean age, and tense nerves are a foe to good looks. Quiet does not mean rigidity; it means control both of body and mind.

The woman who is able to sit still at will can be assured of all the grace that comes from correct poise.

Remember—Some men say, after years of devotion: "I love her—still."

H. O. B.: Large pores in the nose are unsightly and I do not blame you for wanting to get rid of them as quickly as possible. For some reason the pores on the nose resist improper treatment more than almost any other part of the face and it is not uncommon to see them big enough to hold the head of the ordinary pin. Soap and water have but little effect in cleansing these large pores; indeed, soap soon fills them, the top gains a bit of soot, and there is a big blackhead, worse even than the hole itself. It takes time and untiring regularity in the process of cleansing to reduce such pores, but it can be done. Water need not be used, except in the morning, when the refreshing dash of cold water gives vigor and health. In the nightly scrub, where these pores are enlarged, it is best to use the following lotion, without applying water at all: Into a pint of camphor water put one quart of an ounce of powdered soap. This is all that can be said definitely now, for it is one of the extraordinary aspects of the case that the girl has kept her father and mother in such ignorance of her condition, she has allowed them to know, in an indirect way, she is on the other side of the Atlantic. They have waited for her to come back, but in vain. Now they have gone to search for their daughter.

This statement was made here by a woman who is intimately acquainted with the Arnold family.

Mrs. Rufus W. Peckham, widow of Justice Peckham of the United States Supreme Court, and aunt and godmother of Dorothy Arnold, who is stopping here, has urged the parents of Dorothy to search unceasingly for her niece. She has been informed that the girl is alive. Miss Griffith, her companion, says:

"Mrs. Peckham does not know where Miss Arnold is nor does any member of the family. It is established that she is alive, but I can not undertake to reveal how that was established. Suffice it to say that Miss Arnold was heard from some weeks ago, and that she was in an indirect, I might say, a very indirect manner. The information came that she was abroad, and it was concluded that further information would follow. But none has come, so far as Mrs. Peckham is aware, and when Mr. and Mrs. Arnold went abroad, as they did very shortly after the marriage of Dorothy, it was with a view to running down every possible clue in the hope of discovering the girl's hiding-place."

A friend of the Arnold family says that she was confident Dorothy would return by October. "Why next October?" she was asked. "I can say no more," said the woman friend, as she concluded the interview.

Lillian Russell

W. M.: I am sending you by mail the recipe for a healing salve for pimples. If your eyebrows are shaggy, electrolysis may be applied to kill the hairs that grow out of line. If you do not want to try the electric needle, try pulling them out with a small pair of tweezers. To make the hairs lie smoothly treat them with gum tragacanth or quince seeds. Dissolve the gum or the quince seeds in just enough rosewater to make it about as thick as muciage, then strain it through a piece of cheesecloth into a little jar. You must invest in an eyebrow brush, which you can get at any drugstore. Dip the eyebrow brush in the mixture and brush the hairs into a perfect arch. Let the gum stay on over night and wash off in the morning with warm water, brushing them upward and outward with a clean brush. If you will continue the treatment the brows will soon be trained into shapely beauty.

RUTH: Coarse powders are bad for an oily skin—especially talcum powder. Powders should be used with reason. When constantly employed and too much used at a time they cause the skin to lose its healthy color and clog the pores. It is essential that a harmless powder be used. The best is rice powder. It is not the use of powders that injures the skin so much as neglect in cleansing the pores afterward. No people use more cosmetics than the women of my profession, yet it is rarely one is seen that has not a good complexion, entirely natural, off the stage. This is because they fill the skin with cold cream before applying "makeup," and then carefully remove every particle of the paint and powder with cold cream before washing the skin; this keeps it soft and the pores are not clogged. If you will send me a stamped, self-addressed envelope and again ask for it I will send you the recipe for an excellent cold cream which I use in the theater almost constantly.

A CONSTANT READER: I am sending you by mail a dietary for reducing flesh and instructions for the rolling exercise to reduce the hips. Massage is of great assistance in reducing fat arms. You should wring the arms just exactly as you would ring clothes before hanging them out to dry. Begin this twisting, wringing massage at the shoulders and after every "wring" shift the hand a little lower. Such a massage will give you a pair of aching arms, but the flesh will fade away.

A. R.: I think if you will exercise in the open air, eat plenty of nourishing food, and sleep eight or ten hours every night you will grow taller. If you will send me a stamped, addressed envelope I will gladly send you some notes about superfluous hair that will help you to solve your problem.

ANXIOUS: Exercise and diet are sure and safe means of flesh reduction. If you will send me a self-addressed, stamped envelope and ask for it I will send you a dietary for reducing flesh and instructions for the rolling exercises for reducing the hips. Many women who have not tried it, or have made only a brief, faint-hearted trial, believe a less-food diet means starvation or close to it. This is a fear, not fact. Eat slowly, chew every mouthful of food to a fine pulp, drink nothing with the meal, and you will find that you simply can not eat as much as formerly. Yet your cravings are satisfied. Most people can eat far more than they should; when they chew thoroughly, not washing the food down with liquids, the stomach has a chance to say when it has had all it needs. This it does not when food is bolted and irrigated down.

Women in the News of Today

Stop Throwing Bricks

NEW YORK, Aug. 2.—Word that the militant suffragettes of England are on their good behavior and have promised Parliament not to throw bricks for a year was brought to this country by Miss Mary G. Hay, president of the State Federation of Women's Clubs and delegate to the convention of the International Women's Suffrage Alliance, held recently in Stockholm.

Miss Hay, who arrived on the liner Minneapolis, said that this did not mean the suffragettes were becoming discouraged. She explained it was merely an experiment on the strength of a promise from Parliament that their cause would be given careful consideration next year.

If the vote is still denied the women of England, then, she said, they would in all probability smash a few more windows.

Famine in Babies

SASADENA, Aug. 2.—This city of millions and multi-millions is facing a famine in babies. With a population of 10,000, only forty-eight births are the record for July. According to a leading physician, the average for a city of this size should be not less than 300 babies a month and 3600 would be about the right figure. Physicians have been

studying the situation and have gathered data which show that the birth rate here is lower by far than in any city of similar size in America, though the proportion of marriages is fully up to normal. One hundred and fifty births in a month—last December—is the largest number ever known here. Children are most numerous on the outskirts, where the middle classes live.

Sues for Divorce

STOCKTON, Aug. 2.—Mrs. Eva Berger, formerly of San Francisco and now of this city, has sued for divorce. The couple were married in San Francisco June 25, 1905. According to Berger her husband refuses to "with her, except when he chooses. She alleges that on one occasion she gave him a check for \$8 and that he raised it to \$800. She also says that he was convicted of receiving stolen goods. She estimates Berger's income at \$500 a month and values his property at \$25,000.

Berger must pay \$100 attorney's fees, \$75 temporary alimony and \$20 costs by August 11. David and Sadie Berger, aged 4 and 3 years, respectively, have been given into the custody of the mother until further order.

Loses Second Spouse

STOCKTON, Aug. 2.—An unkind fate has selected Mrs. Gladis-Bassano of this city to be the widow of two husbands who met their deaths in almost identical the same manner. This afternoon her second husband, Carlo Bassano, while returning from Stockton to his home, was thrown from a load of lumber and his neck broken, causing instant death. Though no one witnessed the accident, the indications are that the team ran away and he was thrown into the ditch. Some seven years ago William Glasl, the first husband of Mrs. Bassano, had his neck broken by being thrown from a wagon, the horses running away. The widow each time was left quite an estate.

Woman Caused Defeat

BOSTON, Aug. 2.—How near the Americans came to winning the recent Harvard-Yale and Oxford-Cambridge games in England was told on the arrival last night of the steamship Canadian, which brought George E. Putnam, the Oxford Rhodes scholar who threw the hammer 151 feet 5 inches and won the meet for England.

Putnam was secretly married to a New Orleans girl, Miss Claire Edwards, whom he had met abroad just before the meet. He intended to sail at once with his bride but the illness of his mother prevented. Then, knowing that his marriage would disqualify him as a Rhodes scholar and realizing that he would be held as a traitor in athletic circles in England if he did not come, he went against the men of his own country, he went into the meet and made the single point which won for England against America.

Dies For Her Child

NEW YORK.—Rather than see her nine-year-old daughter suffer the hardships of poverty, and realizing that the savings left by her husband were insufficient to keep them both, Mrs. Blanche Jennings, a widow, thirty years, old, living at No. 479 Fifty-sixth street, Brooklyn, sent her daughter out in the street to play and then went to her bedroom and turned on the gas. She was dead when the police broke in the door two hours later.

Lying beside her was a letter to Pulus Siefert, of No. 538 Seventy-fifth street, Brooklyn, the child's guardian. It said: "Help Beatrice the best you can. I have left three bank books on the dresser. See that my darling Beatrice gets everything. There is about \$3500 remaining in the banks, and that ought to be enough to keep her from want until she is able to help herself, but it is not enough for both of us, therefore, it is my duty to do the only thing possible to keep her from want. I am dead and ill and incapable of holding any position. If I lived I should have to spend what she should have. She is such a good girl and should be happy. Be good to her and forgive me the trouble I am

causing you. But do not forget to see that Beatrice gets everything. Bury me beside George."

Mrs. Jennings was the widow of George W. Jennings, who was an instructor for several years in a New York business college and the daughter of Dr. J. W. Barlow, a well-known physician, living at 1101 Avenue C, Flatbush. Before Mrs. Jennings' death, last November, the family lived in West One Hundred and Sixth street. After the death of the husband Mrs. Jennings moved to a less expensive home.

CAPTURES A HUSBAND

OKLAHOMA CITY, Okla.—How a demure little convent girl, who never had had a beau in her life, fell in love with a man three times her age, caused him to break off his engagement with another woman, and marry her, is told in a branch of promise suit for \$15,000 damages brought by Mrs. Sarah J. Jackeys against Edward Haley, a local capitalist. Haley, who is 51 years of age, is, with his 18-year-old bride, who was Loreta Fairy, at a summer hotel near Green Bay, Wis.

Haley made a fortune in real estate and retired several years ago. Mrs. Jackeys, who is 35 years old, alleges that Haley asked her to marry him, several

BATH TOO MUCH.

CHELLYBROOKE, O., Aug. 2.—Angry because the county jail authorities had compelled him to take a bath, John Tassons, a negro, attempted suicide.

GOVERNOR JOHNSON APPOINTS HIGHWAY BOARD

CONFIDENCE IS EXPRESSED IN KEITH

Letters From Pupils Declare That Principal Is Competent.

Discipline in Blind School Good Witness Tells Governor Johnson.

BERKELEY, Aug. 2.—That beneficial changes have been made by Principal Douglas Keith and that the discipline and moral tone of the California Institution for the Deaf and Blind are good was the principal testimony given this morning in the investigation by Governor Johnson.

Letters were introduced by Attorney Warren Olney Jr., representing the defense, which expressed the esteem of pupils of the institution for Principal Keith and their disbelief in the charges made.

During the examination of W. S. Rundo, supervisor of boys in the deaf department, Governor Johnson inquired into a rumor which had reached him that Rundo and other teachers in the institution feared dismissal if they testified against the management. Rundo declared that he had not been warned. His testimony was that the school had shown efficiency under Principal Keith's direction, and that the oral system, manual training and a new schedule of studies had been introduced. The discipline and moral condition in the deaf department he declared to be good.

EXPRESS CONFIDENCE.

Professor Otto Fleissner, head of the music department of the institution, testified that Principal Keith had taken steps to introduce piano tuning into the school and that many pupils had gone from the institution equipped to become self-supporting as music teachers. Professor Fleissner stated that he had signed a letter sent by teachers of the school to Principal Keith expressing confidence in the head of the institution and approval of its administration.

Marguerite Graham, a blind pupil, testified that the recent discipline in the school had been good. Lester Schlingheide, another pupil in the blind department, repeated an alleged statement of Instructor Richard French to members of his class that the persons behind the attack upon the institution had no way of obtaining accurate knowledge of the school's affairs and that they were principally "soreheads." The witness told of having delivered to Principal Keith a letter of confidence from the blind pupils.

The investigation was resumed at 2 o'clock this afternoon and will probably continue throughout the week.

EXCURSION TO SALINAS AND RETURN

Commencing July 25th to August 6th round trip excursion tickets will be sold to Salinas and return account of one big week celebration, final return limit August 10th. For further information see Southern Pacific Agents, Broadway and Thirteenth streets, Oakland, or agents.

TO GIVE WHIST PARTY.

BERKELEY, Aug. 2.—The young women of Bear Flag parlor, Native Daughters of the Golden West, will act as scorers at a whist party to be given this evening in Lincoln hall, South Berkeley. Members of the parlors of this city and Oakland have been invited to attend the affair, which will inaugurate a series of parties to be given this fall.

ALAMEDA MATRON HOSTESS AT LAGUNITAS BUNGALOW

MRS. BELDEN MCPIKE, formerly Miss Hazel Goggin.

ALAMEDA, Aug. 2.—Mrs. Belden McPike, who was formerly Hazel Goggin, a society favorite of this city, is now at Lagunitas in Marin county. Mrs. McPike is accompanied by her son and her mother, Mrs. Rosamond Goggin.

Wool Tariff Measure Conferees Appointed

Meeting to Be Held Friday; Penrose, Cullom, La Follette, Bailey and Simmons Named.

WASHINGTON, Aug. 2.—The wool tariff bill was formerly sent to conference today when the following Senate conferees were named: Messrs. Penrose and Cullom, regular Republicans; La Follette, insurgent Republican; Bailey and Simmons, Democrats. The House conferees were appointed yesterday. The conferees of the two Houses on the wool bill will hold their first meeting Friday morning. Members of the conference expressed confidence of agreement without prolonged meetings.

Vardaman's Election Insured By Count

At Noon Former Governor Is Ahead of Rivals' Combined Vote by 15,000.

JACKSON, Miss., Aug. 2.—That former Governor James K. Vardaman received a sufficient number of votes in yesterday's Democratic primary to insure his election to the United States senate was practically conceded today by all factions. At noon Vardaman was ahead of the combined vote of Alexander and Percy by 15,000, with indications that further returns would add to this lead.

Former Lieutenant-Governor Theodore G. Bilbo has a large lead over T. O. Yowell. Earl Brewer of Coahoma county had no opposition for governor.

BOY TERRIBLY BURNED BY POWDER

Nine-Year-Old Sydney Blore Throws Substance Into Rubbish Fire.

Face and Right Arm of Oakland Youth Suffers in Explosion.

Sydney Blore, the nine-year-old son of Mr. and Mrs. Thomas Blore, of 681 East Thirty-second street, attempted to pour a quantity of black gunpowder from a bottle into a rubbish fire in the back yard of his home last night with the result that the powder exploded and burned the boy's right arm and his face. The force of the explosion knocked him down, the detonations being heard by neighbors for several blocks around.

The miracle is that the victim's face and arms were not cut to pieces by the flying glass of the heavy bottle which contained the explosive and that his eyes escaped injury. As it is the "boy is terribly burned, all the skin on the right side of his face being roasted and blackened.

The thumb of his injured member is the only portion which escaped injury, the rest of the arm being a mass of burns. How deep the burns are it is impossible at present for the attending physician, Dr. E. S. Sunderland, to tell.

PLAYS WITH COMPANIONS.

According to the meagre account of the accident given to his parents by the boy, he, with several other children, was amusing himself burning rubbish in the back yard of his home when one of the boys suggested his going into the house and getting the bottle of gunpowder which was known to be there. The boy did as suggested and was stooping over the fire pouring the powder into it when the explosion occurred. The fact that the other children were standing at a little distance is all that saved them from injury of some sort.

At the time the accident occurred Mrs. Blore was several hundred yards away and hearing the detonation rushed toward the house. She was horrified to find her boy lying on the ground in a semi-conscious condition. A hurry-up call was sent in to Dr. Sunderland, who soon appeared upon the scene and dressed the lad's wounds. The explosion attracted the curious to the spot from a considerable distance.

It is almost certain, according to Dr. Sunderland, that the child's skin grafts will have to be made on his patient's face and arm when sufficient time has elapsed to learn the depth of the wounds.

The youngster, though suffering much pain and unweary from the shock, is progressing as well as can be expected under the circumstances.

GRANGE TO PUT BAN ON TAFT

Connecticut Organization Displeased With His Attitude on Reciprocity.

HARTFORD, Conn., Aug. 2.—The Times this afternoon says that the Connecticut Fair association, notified that it would not participate in the reception to be held in Hartford Oct. 1st when he comes to the fair in Charles Oakley, president of the fair, has accepted an invitation to attend the fair, the situation changed. The fair authorities have been notified that the Grange will not take part in the fair this year.

"Why he was asked," the Grange is opposed to the reciprocity idea in all its aspects and as President Taft has been the usual Grange opponent, the Grange does not care to take part in any event in which he is a guest.

The attitude of the Grange is attributed entirely to the President's advocacy of reciprocity with Canada. F. E. Duffy, whose protest in Washington at the time of the reciprocity hearings created wide spread comment, has charge of the live issue.

In the interview in the Times he says: "Some time ago the manager of the fair in Hartford asked me to come to the fair as a guest of the Connecticut Fair association."

"The attitude of the Grange is attributed entirely to the President's advocacy of reciprocity with Canada. F. E. Duffy, whose protest in Washington at the time of the reciprocity hearings created wide spread comment, has charge of the live issue."

PHYSICIAN MUST SERVE SENTENCE OF TWENTY YEARS

DR. ROBERT THOMPSON, who must serve sentence.

DR. R. THOMPSON LOSES ON APPEAL

"James Grant" to Pay Penalty for the Death of Eva Swan.

SAN FRANCISCO, Aug. 2.—Dr. Robert Thompson, alias James Grant, convicted of the murder of Eva Swan, the young Pasa Robles schoolteacher, whose body was found partially destroyed by quicklime in a lonely cottage in the Mission, will have to serve his twenty years in San Quentin penitentiary. The district court of appeal, shortly after noon today, affirmed the decision of the lower tribunal, and unless a further appeal is taken the defendant must go to prison.

The finding of the remains of Eva Swan developed one of the most sensational cases in the annals of the San Francisco police department. The young woman had come here from the south, and, residing in the western district, had suddenly disappeared. All efforts to trace her proved unavailing until a clew was found, and buried beneath concrete in a cottage at 327 Eureka street the remains were found.

IDENTIFY BODY.

It was difficult to make the identification, but it was finally completed, and the subsequent confession of the men who had aided Dr. Robert Thompson in conveying the body thither proved his undoing. Miss Marie Messerschmidt of Berkeley, employed as a nurse by Thompson, told the jury that she had seen the body of the performance of a criminal operation, and of her subsequent death, alone and friendless. All the details of the placing of her body in the trunk and the breaking of her limbs in order for her to fit in the small space were gone over and finally the physician was convicted on November 4, 1910. He had been indicted on September 20, and his counsel, Attorney Robert Ferral, Timothy Fitzpatrick and John J. Greeley, appealed to the district court, which today upheld Judge Dunne's sentence.

At the time of the appeal, the situation changed. The fair authorities have been notified that the Grange will not take part in the fair this year.

"Why he was asked," the Grange is opposed to the reciprocity idea in all its aspects and as President Taft has been the usual Grange opponent, the Grange does not care to take part in any event in which he is a guest.

The attitude of the Grange is attributed entirely to the President's advocacy of reciprocity with Canada. F. E. Duffy, whose protest in Washington at the time of the reciprocity hearings created wide spread comment, has charge of the live issue."

WORLD TRIP OF THREE NAMED TO ADVISE ENGINEER

Plan to Have Commission Visit Every Nation in Its Behalf.

Brains of West-Busy With Inventions and Ideas of All Sorts.

SAN FRANCISCO, Aug. 2.—The sons of California in their pride over the Panama-Pacific Exposition in 1915 are giving the product of their brain, wealth and substance to make for the state a tremendous success and to advertise it around the world. One of the most recent and important inventions of Professor Silas Wentworth of Los Gatos, who invented the milking machine, has devised a scheme which, for originality of idea, is hardly less remarkable than his greatest achievement, which proved a blessing to dairymen throughout the country.

ELECTRIC BOOTJACK.

Professor Wentworth has made a boot-jack which, operating by electricity, will remove the shoes of the weary and at the same time flash out the words "Panama-Pacific Exposition, San Francisco, 1915." If the present plans are carried through, the invention will be placed in every room in every principal hotel in the world and will thus be a mammoth advertisement for the great project.

J. A. Plicher, manager of exhibits of the State Agricultural Society, today presented to President Moore a novel idea in connection with inviting the nations of the world to participate in the exposition. He suggested obtaining a United States cruiser on which a commission appointed by the Governor could tour the world and with appropriate ceremony and flanked by the formality of the navy, extend their invitation to the great fair.

TO VISIT PRESIDENT.

William H. Crocker, who arrived in New York yesterday from London, and who will go to Washington to consult the President, will undoubtedly present this scheme for his approval.

Morris Meyerfield Jr., president of the Orpheum circuit, on reaching New York today telegraphed to exposition headquarters congratulating the directors and denied the rumor that the directors had chosen the site for the fair, and declared that he had numerous suggestions to make on his arrival here next week.

'NOT GUILTY,' IS PLEA OF TRIO

Bender, Maple and Connors to Have Trial in Los Angeles.

LOS ANGELES, Aug. 2.—F. Ira Bender, A. B. Maple and Bert H. Connors pleaded not guilty today to charges of having conspired to dynamite the county hall of records. Their pleas were entered when Judge Willis denied their motion to quash the indictments against them. The quashing was asked on several technical grounds, including those set forth in motions to quash former indictments which Judge Willis granted.

Immediately following the denying of the motions the defendants entered their pleas. Judge Willis said he thought the men should be placed on trial about August 15. Two weeks, he believed, would be sufficient time to try the cases.

The attorneys for the defendants said that if the prosecution would agree to an extension of time in preparation of the latter cases corresponding to the period required to try Bender, Maple and Connors August 15 would be acceptable.

It was decided that the defense and the prosecution should confer informally upon the matter and that the trial date would be set later in the day.

The case of Geo. Behm, uncle of Orville E. Behm, the confessed dynamiter, is scheduled to come up this afternoon before Judge Bordwell. Behm is charged with contempt for having refused to answer questions before the grand jury. The defense question members of the grand jury to learn their motives in summoning Behm before them.

New York Has Now Over Five Million

NEW YORK, Aug. 2.—The population of New York passed the five million mark August 1, according to figures prepared by the health department. The statistician estimates that the city now has 5,000,400 residents, a gain of about 230,000 for the past year. The official figures of the United States census bureau for 1910 were 4,766,883.

CRUISER IS BEACHED TO PREVENT SINKING

CLARK'S HARBOR, N. S., Aug. 2.—Pumps unable to dispose of water pouring in through rents in the hull, the protected cruiser Niobe, flagship of Canada's navy, which was impaled for five hours on Southwest Ledge off Cape Sable was beached early Sunday in this harbor, where she was towed following the accident to prevent it from sinking.

Blaney, Towne and Darlington Will Supervise the Work.

Good Road Experts Will Act as Consulting Organization.

SACRAMENTO, Aug. 2.—Governor Johnson today appointed the state highway consulting board, which, under the provisions of the Chandler highway bill, consists of three members at a salary of \$3600 a year each. Those named are: Charles D. Blaney, Santa Clara; Burton A. Towne, Lodi; N. D. Darlington, Los Angeles.

The consulting board will advise the state engineer and state highway engineer in the construction of highways for California under the \$18,000,000 bond issue. It is expected that Johnson will within a few days announce the appointment of the state highway engineer to fill the position created under the same bill. It is provided in the act passed by the legislature that the highway engineer's salary shall not be more than \$10,000 a year. It was placed at this high figure so as not to restrict the selection of a man to fill the position.

GOOD ROADS ENTHUSIAST.

Charles D. Blaney is known throughout Santa Clara county as an enthusiast for good roads. He is interested in many large enterprises, but the Governor announced that Blaney's interest in good roads is such that he will devote his entire time to his work on the new board. He is already familiar with road conditions throughout the state. He has been for years actively identified with the good roads movement in Santa Clara county. He is a practical engineer and not an engineer.

Burton A. Towne, who is well known throughout Sacramento as well as San Joaquin county, where he was formerly a member of the highway commission, is a civil engineer and for several years one of the largest grape growers in San Joaquin. He is a son-in-law of Colonel H. Weinstock of Sacramento. As a practical road builder as well as having a thorough understanding of the technical side of highway work Towne is said to be one of the best in the state.

N. D. Darlington, the third member of the board, is an engineer who took part in that capacity for the vast Ringe estate which has property in many counties of California. Darlington was formerly a member of the public utility commission of Los Angeles. He also has taken a special interest in and has devoted much of his time to highway building.

TO PERPETUATE VICKSBURG SIEGE

Appeal Made for Portraits of All Officers Killed During Operations.

WASHINGTON, Aug. 2.—The Vicksburg siege commission is appealing to the relatives of the officers who took part in the famous siege of Vicksburg to contribute portraits in bronze for the embellishment of the park. The commission wants to perpetuate the memory of each army corps, division or brigade commander.

It also needs portraits of each regimental officer, division chief of artillery or battery commander killed or mortally wounded during the operations. The attention of state legislatures and wealthy friends of the officers is invited to the subject. Confederate as well as federal portraits are wanted.

Auction Sale!

Palatial Auction

On Thursday, August 3d, at 11 a. m., at the beautiful 8-room Claremont bungalow, 633 Keith avenue, near Shafter. (Take College avenue car to Shafter avenue, thence east one block.) All the magnificent, up-to-date furnishings, consisting of couches, Morris chairs, easy chairs and rockers in fumed oak and genuine Spanish leather, very fine fumed oak flat-top desk and chair, library tables, bric-a-brac, body Brussels and imported wilton, armchairs, round fumed oak extension table, leather set chairs, buffet, haviland china dinner set (decorated with gold), cutlery, carving set, jasper lined, etc., bird's-eye maple chairs, dressers and dressing tables, iron beds, blankets, bedding, etc., in great profusion, costly bungalow curtains and draperies, kitchen range, utensils, refrigerator, garden tools and hundreds of other articles usually found in an ideal home.

The bungalow was furnished less than four months ago at an expense of nearly \$3000, and on account of the owner's business interest in Arizona must be sacrificed to the highest bidder. Bungalow to rent reasonably.

ALAMEDA

WITHOUT FUNDS TO CONTINUE PARK IMPROVEMENTS

Council Committee Reports Deposed Commission Left Deficit of About \$3500.

J. M. SHANLEY IS NAMED AS SCHOOL DIRECTOR

Alameda Council Meets and Transacts Routine Business of Two Weeks.

ALAMEDA, Aug. 2.—Requesting the city council to appropriate funds to meet the deficit in the park and playground fund, the park and playground committee last night submitted a report of the financial condition of the parks and playgrounds. The report shows that if a deficit of nearly \$2000 had not been carried over there will be a deficit of \$3500 by November 1. The former park and playground commission, which was deposed by the council, was provided with sufficient funds to carry on its affairs from November 1 of last year to November 1 of this year. This money was not spent according to the plan, and the committee says, the extra funds will have to be provided to meet the deficit.

The council recently deposed the park and playground commission because of the condition of its finances and the control of the recreation areas was placed in the hands of a park and playground committee. This committee, of which E. J. Probst is chairman, asked the council last night if it wished the plans already outlined, and for which money was appropriated, carried out. If so, the committee says, the extra funds will have to be provided to meet the deficit.

OWN WATER SUPPLY.

The committee, in its report, recommended that the parks and playgrounds be made separate and that a superintendent be placed at the head of each. It also suggests that the city develop its own water supply. The committee says that extensive improvements of the beach at Washington park have been outlined by the committee, to cost \$2500.

The report will be considered at a meeting of the council Friday night, when the matter of placing on the ballot at the coming bond election propositions to purchase the Saroni property, adjoining Lincoln park, and the Jack Hayes property, adjoining Washington park, will be taken up. The price of the Jack Hayes property is \$30,000 and the Saroni property \$27,500.

The appointment of James M. Shanley as a member of the board of directors was unanimously approved by the council. Shanley is a prominent resident of Alameda and well known in the Alameda lodge of Elks. He succeeds Assemblyman Sam Summer Crosby, who resigned on account of intended removal from the city.

MAKES APPOINTMENT.

The park and playground committee announced its appointment of Miss Dorothy Holbrook as matron of the Lincoln park. Miss Holbrook succeeded Miss A. Low, who resigned her position.

George Christensen was appointed to a fourth position as a deputy in the city hall. His numerous duties, the committee says, have made it impossible for him to hold more than one position. Christensen is city hall clerk, deputy city assessor, city auditor and now deputy building inspector.

The council granted gratuitous licenses to Mr. L. Graham, to peddle polish, and Mrs. E. S. Popple, to peddle notions. The request of the North Side Improvement club that the practice of dumping refuse from ships into the estuary be stopped was referred to the board of health. The club claims that the refuse floats ashore and is insanitary.

HOUSES INSANITARY.

City Clerk Browning was instructed to communicate with W. H. Robinson, attorney for the owners of the houses at 748 and 750 Central avenue, and urge that the dwellings be placed in a safe and sanitary condition. Building Inspector John Davies reported that the houses are unsafe and dirty and recommended that they be renovated or torn down.

Edward C. Mills was granted permission to transfer the liquor license of Hiram Frost at 2170 Encinal avenue to himself.

Permission was granted to J. W. Turner to remove the house from 2305 Alameda avenue, the site of the Eagles' new home, to the corner of the street and Madison streets. Turner put up a bond, the sureties being E. G. Mehlert and K. Z. Richardson.

No protest, appearing to talk against the electric street car, was made at the west end, the council granted the electricity commission the power to have the improvement consummated. The electric street car will eventually be installed throughout the city. It will be placed on Fifth street, between Haight and Central avenues; on Haight avenue, between Fourth and Ninth streets; and on Sixth, between Haight and Central avenues. The expense will be borne by the property-owners and the city will operate and maintain the lights.

PROTEST STREET WORK.

The protest against the improvement of Fountain street, south of San Jose avenue, was referred to the street committee. The property-owners claim that as no gas, sewer or water mains have been placed in the street that they do not think that the improvements should be macadamized at present.

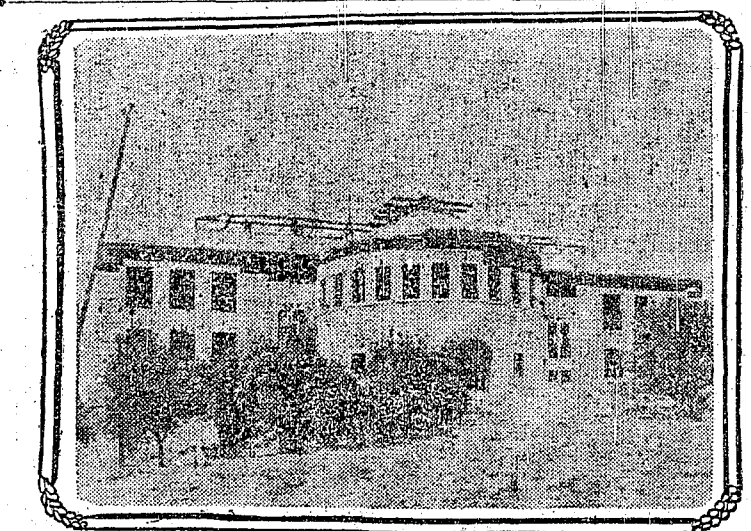

The council decided not to install a sewer in Bishop street, the houses all being connected with a main sewer at the present time.

A resolution of intention was adopted to improve Mount street, from San Jose avenue to Calhoun street.

The street superintendent reported that the work of installing a sewer in Grand street, south of Dayton avenue, had been satisfactorily completed.

A resolution of intention was passed providing for the installing of the east end sewer in Pernside boulevard. The councilman William Hammond Jr. reported that he had taken up with the water company the matter of installing water mains in Liberty street and Grand avenue and that the matter was now before the engineering department of the company. Councilman Hammond stated that the company is willing to in-

AGRICULTURE BUILDING TO BE READY BY NEXT AUTUMN

New agricultural building of the University of California.

UNIVERSITY OF CALIFORNIA, Aug. 2.—Although the granite walls of the \$240,000 agricultural building on the campus are almost complete, it is announced by the university authorities today that the structure will not be ready for occupancy before the beginning of the fall semester next year. The heavy outside walls are to be finished, the tile roof put on and a large amount of interior construction and decoration done before the building can be called complete.

COMET B 1911 MAY BE SEEN WITH GLASSES

UNIVERSITY OF CALIFORNIA, Aug. 2.—Comet B1911, the second celestial body of the kind found, dashing through the sky, is visible with the aid of field glasses, according to W. F. Meyer, instructor in the department of astronomy of the university. The wanderer, discovered a few weeks ago by C. C. Kless, a fellow at the Lick Observatory, rises in the east at 2 o'clock in the morning and travels at terrific speed through the constellation Taurus. It will be nearer the earth about August 20, when the distance will be about 25,000,000 miles. At that time it will be visible to the northern hemisphere. Meyer has also been computing the orbit of comet C1911, discovered July 20 by Brooks, an eastern astronomer. The peculiarity of this body is that it shows no tail formation. It is passing through the constellation Cygnus.

MAYOR WILSON UNABLE TO ATTEND CONVENTION

BERKELEY, Aug. 2.—Because of their official duties, Mayor J. J. Wilson and School Director Herman I. Stern will be unable to attend the convention of the national socialist party, which is being held in Milwaukee, August 12.

FAILED TO DUCK SO HAD HIS HEAD BUMPED

SAN FRANCISCO, Aug. 2.—While working in a ditch at Filmore and Edwy streets this morning, Frank Sweeney, of 2015 Bush street, had his scalp torn open by a passing car and sustained a possible fracture of the skull. Sweeney is an employee of the board of public works and he was at work when the accident occurred. He was struck on the head and taken in a dazed condition to the Central Emergency Hospital.

FOOTPADS ROB AND BEAT OAKLANDER

SAN FRANCISCO, Aug. 2.—James Leary, of 313 Fourth street, Oakland, fell a victim to two footpads who attacked him at Haight and Filmore streets early this morning. He was beaten to the pavement and robbed of a gold watch and \$35 in cash. He was taken to the Central Emergency hospital and treated for lacerations of the face and possible internal injuries.

PROBLEMS OF WORLD'S FAIR ARCHITECTURE

UNIVERSITY OF CALIFORNIA, Aug. 2.—In his lecture in North Hall yesterday, Professor Paetow discussed some of the problems connected with the selection of a type of architecture for the World's Fair to be held in San Francisco in 1915. The question of architecture to be used in the buildings is a question which has been discussed by architects for many years. The question of style has prevailed in this state, but it is a question which it should be used in this exposition.

BERKELEY MOOSE TO GIVE FIRST AFFAIR

BERKELEY, Aug. 2.—Berkeley lodge, No. 14, Loyal Order of Moose, will give its first social affair tomorrow evening in Chase hall. Arrangements have been made for a large number of tables of prizes will be offered.

In the large hall an attractive program of entertainment will be given. Those on the entertainment committee are C. L. Rakestraw, chairman, J. Titus, Bowers, T. Schaefer, H. Thompson and others.

JEFFERSON STREET OPENING PROTEST

The protest against the opening of Jefferson street will be heard before the city council Friday, August 4, at 11 a. m. All parties interested are invited to be present in the council chamber, and the arguments against opening the street.

JESUIT PRIESTS VISIT

SANTA CLARA, Aug. 2.—Rev. J. Helig and Rev. D. Gettelmann, Jesuit priests of Berkeley, are visiting at Santa Clara college. They left today for Japan, where they are to become members of the faculty of the university in Japan recently founded by the Jesuits.

BUSY YEAR FOR HILLSIDE CLUB

Elaborate Program of Varied Activities to Begin Monday Evening Next.

BERKELEY, Aug. 2.—The Hillside Club will open what promises to be an unusually attractive season at its home, in North Berkeley, corner Cedar and Arch streets, Monday evening. The meeting will be in the nature of an informal reception to the newly elected officers and directors and for a discussion of various business matters.

Following the "Renaissance," as exemplified last year, the club will look to "Modern History" for inspiration in music, art, literature, home life, the drama, etc., for the social gatherings of the club. Many well-known speakers will appear as guests of honor during the year, among them being Dr. David Starr Jordan of Stanford University, Prof. Meyer A. Jaffa of the University of California, and the Rev. A. Wesley Meil, for many years a resident of India.

KEELER TO ENTERTAIN

Aside from the regular social evenings of the year, other evenings have been arranged, among them being a farewell recital by Charles Keeler before his departure for a tour of the world. The recital will be given at the home of Mrs. H. Howard, an illustrated reading of "Chanteclair" by Madam Jeane Lowenberg, and a violin recital by Madam Ellen Mitchell O'Moore.

Besides working for a high standard in architecture in the hillsides of North Berkeley, special attention will be paid to the beautification of the gardens. In addition to the usual exhibition of arts and crafts, and of paintings by California artists, a large show will be held by the club in April, to which the public will be invited. This will be a competitive exhibition of flowers, and all owners of gardens in Berkeley will be given an opportunity of making a display from their gardens. Prizes will be awarded for the best displays.

PERSONNEL OF COMMITTEES.

The following are among the committees appointed by the president: Civic betterment—Stacey W. Gibbs, Frank M. Todd, F. F. Connor, S. C. Irving, Fred W. Wallace. Auditors—Mrs. Irving Whitney, Mrs. Howard Kirk, C. S. Quick. Architecture—Prof. W. B. Clark, A. W. Corbus, Prof. A. C. Lawson, F. M. May, H. H. Jeness. Music—Mrs. J. J. Wilson Taylor, Mrs. Edgar Standard Thomas, Mrs. William James Monroe, Miss Florence Nachtrieb, Mrs. Ellen Booth Hildreth. Dramatic—Russell Wright Osborne, Mrs. A. Nachtrieb, Mrs. William A. Hale, Mrs. Bernard R. Maybeck. Travel—Mrs. C. M. Perkins, Mrs. John Galen Howard, Mrs. David Dickie, Mrs. L. D. Hodghead, Prof. A. S. Bakke.

PROF. SPAETH TO BE HEARD IN LECTURE

UNIVERSITY OF CALIFORNIA, Aug. 2.—Professor John Dunan Spaeth, whose course in Old English literature at the university has been popular during the summer session, will deliver a short time this evening at 8 o'clock. The subject of the talk will be "Socrates, or Teaching as a Fine Art." Professor Spaeth, who came to the summer session from Princeton university, has been lecturing on the history of English poetry of the nineteenth century during this week's lectures in place of 101 California hall as formerly.

HAYWOOD WILL TALK IN RICHMOND TONIGHT

RICHMOND, Aug. 2.—William D. Haywood, the well-known official of the Western Federation of Miners, will speak in the opera house this evening on "The Victory of Labor." Haywood's address will be along Socialist lines and a program of musical numbers will be given under the direction of Professor Baker.

ALAMEDA PERSONALS

ALAMEDA, Aug. 2.—Rev. Frank S. Brush left yesterday morning for Mount Herman, where he will join Mrs. Brush, who has been at this popular summer resort for the past two weeks.

Mrs. Rosamond Goggin and Mrs. Hazel McNeil, who have been at the summer resort for the past two weeks, will return to their homes in Berkeley today. Mrs. Goggin is the mother of Mrs. McNeil, who is a member of the act of the holder.

Mrs. G. D. Hall and Mrs. Louise Hall of San Jose recently returned to their home in this city after a year's travel abroad.

Mrs. Croll and her sisters, the Misses Margaret and Beatrice Lubbock, have returned from the Croll summer colony.

Mr. and Mrs. Charles Bradford and their family have returned from an extended stay at Brookdale, where they entertained many Alameda friends during the summer months.

Mr. and Mrs. Charles Bradford and their family have returned from an extended stay at Brookdale, where they entertained many Alameda friends during the summer months.

Mr. and Mrs. Charles Bradford and their family have returned from an extended stay at Brookdale, where they entertained many Alameda friends during the summer months.

WALTER SEABORN AWARDED MEDAL FOR BRAVE ACT

WALTER J. SEABORN, who has been awarded medal for heroism.

SAN FRANCISCO, Aug. 2.—Heroism displayed by Walter J. Seaborn, city clerk of Berkeley, December 31, last, when he plunged into the icy waters of the bay from a ferry boat to the rescue of Mrs. Herbert Stockton of San Jose who had gone overboard in an automobile as the boat was entering the bay, was rewarded yesterday when he was presented with the McNeill medal before a gathering of citizens in the St. Francis Hotel.

The medal was awarded at the last annual convention of underwriters in San Francisco. Seaborn, who was the first time in his history the medal has gone to a westerner. The fund for the purpose was established in 1907 by Geo. E. McNeill.

Seaborn was a passenger on the ferry boat when the accident occurred which led to his distinguishing himself. Near the stern of the boat was an automobile occupied by Mrs. Stockton and a young woman companion. As the ferry boat neared the slip, Stockton, who was seated in the car, fell overboard. Seaborn, who was standing near the stern, saw the accident and immediately jumped into the water. He was unable to reach the car, but he succeeded in reaching Mrs. Stockton. Holding her firmly with one hand, he grasped a heavy hawser, which had been thrown from the boat, but which had not been secured, and the whole weight of rope came down upon their heads, submerging them both. He retained his hold on Mrs. Stockton and on coming to the surface, he saw that the car had been thrown to them. A boat having been lowered, they were taken aboard. Mrs. Stockton was in entire stranger to Seaborn.

PRESENTATION OF MEDAL.

The presentation of the medal was made in Berkeley by Arthur H. Child, president of the Columbian National Life of Boston, Danford M. Baker, secretary and vice-president of the Pacific Mutual Life insurance company, who presided at the gathering in the green room of the St. Francis yesterday.

Davis described the heroic act of Seaborn and told of the history of the McNeill medal, emphasizing the fact that it was the first time it had been won by a westerner.

HANDSOME GIFT.

The medal is a large, round piece of solid gold. It hangs from a bar of gold on which is inscribed the word "Audacity." The front of the medal is the likeness of George E. McNeill, the founder of the fund, while on the obverse side there is an inscription telling of the act of the holder.

Among those present yesterday at the meeting were: W. H. Davis, F. H. Beaver, E. H. Bacon, Mrs. E. H. Bacon, G. Bath, J. A. Carey, J. E. Betts, Daniel A. Ryan and R. Adams.

Mr. and Mrs. George Toy, Mr. and Mrs. Harvey Toy, Mr. and Mrs. F. H. Haveland Lucas, Mrs. Robert Littlefield and Marshall Comstock, who were on the boat trip up the Sacramento river.

Mrs. A. C. Loring, who is visiting in Berkeley, will return to her home in Berkeley today. She is the mother of Mrs. McNeil, who is a member of the act of the holder.

Mrs. G. D. Hall and Mrs. Louise Hall of San Jose recently returned to their home in this city after a year's travel abroad.

Mrs. Croll and her sisters, the Misses Margaret and Beatrice Lubbock, have returned from the Croll summer colony.

Mr. and Mrs. Charles Bradford and their family have returned from an extended stay at Brookdale, where they entertained many Alameda friends during the summer months.

WILSON IS STORM CENTER OF PARTY

Attempt Is Made to Read Berkeley Mayor Out of Socialist Party.

BERKELEY, Aug. 2.—Because Mayor J. Stitt Wilson broke bread with the business men of the three commercial bodies at a complimentary banquet tendered the executive recently, a faction of the Socialists of Berkeley last night attacked so-called progressive Socialism, and took the mayor to task for joining in love feasts with merchants, although that he is thereby widening the gulf between himself and the common people.

Mayor Wilson was present and answered the attack of members of the party. He declared that the basis of the opposition—a plan to recall F. D. Merriam, state secretary-treasurer and a board of control of the Socialists—was an attempt to "unhorse progressive and constructive socialism." The maining of the United States, he voted against endorsing the recall of the leaders of the party in the state, of which Wilson was a member.

Wilson strongly opposed the recall and declared that it was a reflection on himself, claiming he had built up the city of Berkeley. He said that the Socialists were a party of the future, and that he was not a Socialist, and should not be allowed to control the destinies of the party.

D. Horne, after Wilson's talk against the recall, declared that Wilson was not a Socialist, and should not be allowed to control the destinies of the party.

130,118 BOOKS ISSUED BY LIBRARY IN YEAR

ALAMEDA, Aug. 2.—The thirty-second annual report of the Board of Trustees of the Alameda Library, of which George H. Mastick is president and E. W. Maslin, secretary, is as follows: Total expense for main library, \$7815.50; west end reading room, \$397.55, making a total for both places \$8213.05. During the year 122,851 books have been added to the library, by purchase \$1300, by gift \$337. Of these volumes 1588 have been placed in the city library, and the balance, 121,263, in the reference department.

The library was open for 301 days, and 130,118 books were issued from the main library and 1877 pound volumes and 210 pound magazines from the West End reading room were issued for home use, making a total of 130,118 volumes issued.

Berkeley Society

BERKELEY, Aug. 2.—In company with her uncle and aunt, Mr. and Mrs. Elston, a musician of this city who has had experience on the eastern stage, will study for two years.

Miss Jordan possesses a clear lyric soprano voice, which during her studies in New York for two years attracted considerable attention. She is also a talented dancer and has studied dramatics. Evenings, Miss Jordan will follow a career on the grand opera stage.

According to the plans of the party, two years will be spent in Europe and Florence, where Miss Jordan will study under the masters of song. As she is young, she will be several years before she makes her debut on the operatic stage.

After a delightful honeymoon in the Hawaiian Islands, Dr. and Mrs. Thomas Elston, who have just returned from a tour of the world, will arrive here about the 11th or 12th of the month. Dr. Elston and his wife (Miss Nellie McCarthy) have been the guests of the former's sisters, Mrs. Robert E. Bond, at Honolulu, and Mrs. Dr. Sandow on the island of Maui.

Dr. Elston is an instructor in physics in the university.

Mr. and Mrs. J. Arthur Elston are residing in Alameda, where he has an extended honeymoon spent in Europe, being the first opportunity their friends have had to extend their congratulations since the marriage in New York more than two months ago. As Miss Tellah Le Conte, Mrs. Elston was very well known in college circles and is a member of one of the most prominent families in the country.

Following the wedding in the eastern metropolis Elston and his bride have been touring the continent, visiting London for the coronation and at other interesting places of the old world.

MOOSE OF ALAMEDA TO HOLD INITIAL DANCE

ALAMEDA, Aug. 2.—Alameda Lodge of Moose will give its first dance in the new hall Friday evening, August 4. The hall will be artistically decorated with palms and ferns for the occasion and strings of incandescent lights will be run from the four corners of the room to the center. The committee in charge of Friday night's dance comprises James E. Goggin, chairman, Tom C. Stoddard, A. H. Crabtree, E. C. Putzman and Jack Mulvaney. A buffet supper will be served during the evening.

You Are Cordially Invited to Attend

PATSY DOYLE DOESN'T KNOW
CHARACTER 'HE' IMPERSONATES

PATSY DOYLE at the Oakland Orpheum.

"He's been a friend of mine for five years, yet I don't know him any better than the day I met him."

That is the way Patsy Doyle speaks of the character he impersonates in his monologue at the Orpheum this week.

Years ago, Doyle was one of the country's star dancers. With the Cleveland minstrels he was with the team of Rowe and Doyle. They used to stand as statues during the march right after the curtain went up. The audience would at first know positively that they were living beings, then they would doubt it. After watching for a move for several minutes they would decide that they were well carved statues. After this belief was thoroughly established in the minds of the audience the two "statues" would step from their pedestal and do the dance that made them famous. With the dancing stunt they used to play end-men.

"I got used to telling jokes as an end-man," said Doyle, "and it came in very handy. Rowe and I were playing in London five years ago. He was taken sick and had to go back to the States. I didn't want to and couldn't leave with him."

HAD TO WORK.

"I wasn't a young bank, so I had to go to work. I got busy with a comedy make-up and a string of jokes. The makeup and character in general that I put on in London is the same as the one I am playing this week. They liked him over there and I stayed for two full seasons. We (that is, me off the stage and

on the stage) traveled all over England, Scotland and Ireland, then we came to this country.

"I tried to get something in the act that would get comedy out of a proposition like the statue gag Rowe and I used to work. If you've seen the show you know how well I succeeded. The hard part of the work is getting something new. I think my character is different from any other, so I have to give him lines that are different. I have to keep changing them all the time. This character, though I really don't know him well and can't analyze him. Sometimes I think he's a silly kid. Then I think he's a tramp. He always gets the worst of everything, but at that I think he's wise. He is a good friend of mine, the public seems to like him and the managers say he'll do, so he's good enough for me, and I don't want to ask him too many questions, and get too well acquainted with him. I might try to make him different than he is and lose him altogether."

"Yes, all the old-timers in minstrelsy are coming into the audience. I used to be now playing a sketch with the wife in the East, Barney Pagan, who was together in vaudeville, and many others are with us. It's a good thing, too. Gives more chance for individuality and to the boys whose hair is getting streaked with gray, it's a relief to get away from those eternal one-night stands."

DOUBTS STORY OF STEVENS IS SEEN
DEATH OF EVANS IN CLEVER COMEDY

Federal Prosecutor Says He Thinks Alleged Embezzler Is Alive in Mexico.

LOS ANGELES, Aug. 2.—Federal District Attorney McCormick of the southern California district, says he does not believe Wilson B. Evans, the alleged embezzler, held in the Mexican jail at Acapulco, is dead as reported. Evans was wanted here for the alleged embezzlement of \$28,000 from the Farmers and Merchants National bank, and was captured on the power boat Kate, at Acapulco, as one of the supposed dynamiters of the Los Angeles Times.

Later he was identified as the man wanted for the alleged embezzlement and held there for extradition. The revolution in Mexico delayed matters but McCormick says he will now prosecute the issuance of papers with all zeal, believing Evans to be still alive.

On August 3d, 4th and 5th the Western Pacific will sell round-trip tickets to Salt Lake City at rates of \$40.00, with final return limit of thirty days from date of sale. Splendid opportunity to take this delightful trip and stop over in the famous Feather River Canyon on going or return trip. Phone of call, Western Pacific office, 1168 Broadway, Oakland.

REYES TO BE CANDIDATE.
MEXICO CITY, Aug. 2.—General Bernardino Reyes will be a candidate for the presidency of Mexico at the election in October. Last night he said within three days he would formally announce his candidacy.

BIG MONEY SAVED
BY USING FRANK

Rebate Checks to Gas Consumers Mailed by Government Chancery Master.

SAN FRANCISCO, Aug. 2.—Postage to the amount of \$500 to \$6000 is being saved by the San Francisco Gas and Electric Company in mailing its rebates to consumers under the decision of Judge Morrow by using the government frank granted to the department of justice. The envelopes are being sent out under the name of Walter B. Maling, special master in chancery of the United States Circuit Court, and bear the government stamp in the upper right-hand corner. "Department of Justice, official business." It is estimated that in three batches of checks to be sent out covering rebates for the last three years there will be between 250,000 and 300,000 checks mailed.

In a statement given out by Maling yesterday explaining the situation he said:

"It is the wrong impression that these checks are being sent out by the gas company. They are being sent out by myself, signed by men in my employ and are drawn upon the \$495,000 account of the court, which account represents the money which was paid into court by the gas company ever since the rate fight began."

"It is true the drafts are drawn up in the offices of the company, but that is because the books, from which the differences must be estimated, are located there. All the work is being done by myself or men in my employ. In sending out these checks I am merely acting as an officer of the court. The court and not the company is making this refund through the mails."

"The impounded 15 per cent paid by gas consumers over and above the rate fixed by the supervisors was actually paid into court and can be paid out only by the court, hence the refunding of the half of that sum to the consumers and half to the company is done through the court and is court business authorizing the use of the frank."

PAY LAST TRIBUTE TO
OLIVER MORSE VESPER

The funeral of Oliver Morse Vesper, business man and musician, was held yesterday from the family home, 71 Emerson street, East Oakland. Rev. Orville Coates, pastor of the Tenth Avenue Baptist church, officiated, assisted by Rev. C. M. Hill, former pastor of the church and now president of the Baptist theological seminary in Berkeley.

Vesper for several years was choir director of the Tenth Avenue Baptist church. He has been a resident of Oakland since 1883.

The pallbearers were Homer Brown, J. Greig, H. Chesbrough, A. L. Taylor, John Stevens and J. M. Robinson. Interment was in Mountain View cemetery.

BIG RETURNS FOR THE MONEY INVESTED.

DURING THE LONG SCHOOL SEASON

A SCHOOLHOUSE without a telephone would seem strangely isolated in these days of constant communication. Parents know that the school is always within call and this knowledge gives them a sense of security and comfort.

The Bell Telephone carries the same confidence into all the relations of life. Your friends are brought within reach of your voice by the universal service of the Bell System.

One great advantage of the Bell Telephone is its readiness to serve your sudden and unexpected needs.

The Pacific Telephone and Telegraph Co.

Every Bell Telephone is the Center of the System
